EarthRes Project Number: 011012.015**

Dear Mr. Menghini:

On behalf of NHCS, and in follow-up to my e-mail correspondence of October 14th, NHCS is formally requesting a 30-day extension to Compliance Order #15-5-048-N dated October 1, 2015, as issued by Mr. Gary A. Latsha of your office.

The items requested of NHCS in the above referenced order will entail coordination between NHCS, their blasting consultant, their mining consultant and the firm's accountant. The requested letters additionally petitioning an extension are attached herein. In regards to coordination with NHCS, the company management is currently in transition due to the absence of Mr. Riordan, who has worked with the Department on NHCS' behalf for many years. It is for these above reasons that a 30-day extension is respectfully requested.

In regards to the stream restoration efforts, EarthRes will be submitting the requested information to Mr. Joe Blyler of your office this week so that work can commence in earnest.

Should you have any questions regarding this matter, please contact me at 215-766-1211.

Sincerely,
EarthRes Group, Inc.

Louis F. Vittorio, Jr., P.G.
Vice President

Michael Menghini.
