New Hope Crushed Stone Quarry Reclamation
Surface Mining Permit No. 7974SM3
Primrose Creek Restoration at the New Hope Crushed Stone Quarry

Permit Waiver 16 Application**

Table of Contents

1. Cover Letter
2. Table of Contents
3. Completed General Information Form (GIF form)
4. Chapter 105 Fee Calculation Worksheet
5. Site Plans:
 - a. Project Narrative
 - b. Project Location Maps
 - c. Tetra Tech Site Plans
 - i. Site Plan Findings Letter Report New Hope
 - ii. Site Plan New Hope Drawings
 1. Cover Page
 2. General Notes: E & S Plan, BMP Installation
 3. General Notes: Construction Sequence. Pumping Plan
 4. Inferred Historic Stream Profile from Test Pits (Profile A)
 5. Inferred Ground Contour Profile from test Pits (Profile B)
 6. Proposed Channel Plan View
 7. Proposed Channel Cross-Sections
 8. Proposed Channel Construction Detail and Geotextile Specifications
 9. Revegetation Specifications
6. PNDI
 - a. PNDI Project Receipt
 - b. PAFBC Comment Letter
 - c. Forestry Comment Letter
7. Project Submittal to PHMC
 - a. PHMC Summary Letter
8. United States Army Corp of Engineers
 - a. Memorandum for Record
 - b. PASPGP-6 General Conditions
9. Act 14 Notification Letters
 - a. Commissioner Gene DiGirolamo, Bucks County, PA
 - b. Commissioner Diane M. Ellis-Marseglia, Bucks County, PA
 - c. Commissioner Robert J. Harvie, Jr., Bucks County, PA
 - d. Township Manager, Christopher Garges, Solebury Township, Bucks County, PA
 - iii. Comment Letter, Christopher Garges, Solebury Township, Bucks County, PA
 - iv. Solebury Township Comment Letter responses, PA DEP
10. Application to Draw Off Water from Impoundments.

- a. Application to draw off water from impoundments
- b. Permit to draw off water from impoundments

Appendices:

1. Appendix 1: Primrose Creek Channel Elevation Discussion
 - a. Discussion Narrative
 - b. Exhibit 1: Historical Aerial Photographs and Satellite Images georeferenced to Google Earth showing Primrose Creek and locations of test pits
 - c. Exhibit 2: Historic New Hope Crushed Stone Quarry mine maps with locations of test pits superimposed and showing path of Primrose Creek
 - d. Exhibit 3: Additional Information
 - i. Historic 100 - year Flood Elevation
 - ii. Test Pit Schedule
 - iii. Test Pit Profile 1/30/2022
 - iv. Profile A, 08/02/2023
 - v. Inferred Soil Contours
 - vi. Culvert Photo
 - vii. Downstream Primrose Creek Channel Elevations
 - viii. Minimum Slope Channel Profile
 - ix. Minimum Slope Calculations
 - x. Original Construction Notes
 - e. Exhibit 4: Tetra Tech Findings Letter Report and Drawings - January 30, 2023
 - f. Exhibit 5: Tetra Tech New Hope Supplemental - August 3, 2023
 - g. Exhibit 6: Tetra Tech/Byle/Solebury School Quarry Pit Discharge Level Comments - September 19, 2023
 - h. Exhibit 7: Assessment of the Currently Proposed Post-Mining Water Level in NHCS Quarry Pit -August 22, 2017
2. Appendix 2: Comment Letter and Response
 - a. Exhibit 1, Solebury Township Comment Letter 01 26 2023
 - b. Exhibit 2: PA DEP Response to Solebury Township
3. Appendix 3: Primrose Creek Restoration – Hydrologic and Hydraulic Report, Michael Baker International – December, 2023
