Re: DEP FILE E0205225-004
10-Day Incompleteness Review
New High School Campus
Leet Twp, Leetsdale Boro, & Edgeworth Boro
Allegheny County

Dear Charlie Gauthier:

The Department of Environmental Protection (DEP) has reviewed the above referenced application and had identified completeness deficiencies for which you were notified on February 7, 2025. The attached list specifies the items still missing from the submission which must be included to allow your application to be considered complete (25 Pa. Code §105.13)

Please note that this information must be received within ten (10) calendar days from the date of this letter, on or before April 28, 2025, or DEP will consider the application withdrawn.

The PAYback program amends the former Permit Decision Guarantee program. [Executive Order 2023-07](#) requires the Department to abide by established review times for each authorization. The PAYback program became effective November 1, 2023, as required by Executive Order 2023-07. Chapter 105 applications or registrations received by the Department on or after that date are subject to this policy and are potentially eligible for Pennsylvania's PAYback program. More information is available on the [PAYback website](#).

As stipulated in 25 Pa. Code §105.13a of DEP's Chapter 105 Rules and Regulations (regarding Complete applications) information requested by this office must be received within ten (10) calendar days from the date of this letter, on or before April 28, 2025 or DEP will consider the application to be withdrawn by the applicant and no further action will be taken on the application. Fees are not refunded when an application is considered to be withdrawn unless requested and eligible for Payback.

If you have questions about your application, please contact Tristan Robert at 412.442.4072 or trrobert@pa.gov and refer to Application No. E0205225-004.

Sincerely,

Tristan Robert

Tristan Robert

Permitting & Technical Services Section File # E0205225-004

**PLEASE ENCLOSE A DIGITAL COPY OF THIS LETTER WHEN SUBMITTING
THE REQUESTED INFORMATION**

All requested information below must be provided electronically through *ePermitting and Public Upload with Electronic Payment*. Please use the link below to view the webpage, get instructions, and submit documents as we are no longer accepting paper copies. Additionally, submit the dated revisions as an entire section so that we can exchange individual sections with the original submission. The revisions should be in a searchable format. If you're uploading responses and don't have a previous reference number, please submit as a new submission and choose "fee exempt" if additional fees are not being submitted.

<https://www.dep.pa.gov/DataandTools/ElectronicSubmissions/Pages/default.aspx>

The Department conducts a Completeness Review to ensure that sufficient information has been provided in the application to allow a technical review to be conducted. The **checked items** below are needed before a technical review of the application can commence.

Items Missing from Submission

1. 105.15(a): The impacts shown on the plan drawings are not accurately reflected on the ARIT, including the proposed replacement of the culvert crossing carrying Camp Meet Road over UNT06A, and, as shown in ATTACHMENT 3 Skelly & Loy Surface Water Resources Map, to UNT06A1, UNT06B, UNT06B1, and UNT06B1A. Update the ARIT to include said impacts and any additional impacts, both temporary and permanent, associated with your project. Additionally, revise all requisite portions, as needed.
2. ☒ 105.13(e)(1)(i) **Revise your site plan to also include the below checked items:**
 - ☒ 105.13(e)(1)(i)(A) **A complete demarcation of the floodplains and regulated water**, including the aforementioned watercourses, of this Commonwealth on the site.
 - ☒ 105.13(e)(1)(i)(C) **Proposed structures or activities** included in the project, which shall be identified by labeling, including those impacting the aforementioned watercourses.
3. ☒ 105.13(e)(1)(i)(G) Submit a **cross sectional view** of the regulated waters to be impacted before and after the structure or activity is constructed (existing and proposed conditions), including the aforementioned watercourses.

SUBCHAPTER C - CULVERTS & BRIDGES
