\*primary point of contact for legislators

**DEP'S SWRO MAIN PHONE NUMBER IS 412.442.4000 AND MONITORED 24/7/365 FOR DISPATCHING RESPONSE PERSONNEL TO EMERGENCIES AND INCIDENTS WITHIN DEP PURVIEW.**

# Environmental Programs

*Air Quality*

- air emissions permitting & compliance
- asbestos
- fugitive emissions (dust)
- methane control from natural gas production
- outdoor wood-fired boilers

*Clean Water*

- sewage planning
- spills on PA waters
- discharge permits
- MS4s
- stream assessments
- fish & aquatic mussel surveys
- permitting & compliance

*Environmental Cleanup & Brownfields*

- underground storage tanks
- land recycling (Act 2)
- hazardous sites cleanup

*Radiation Protection*

- nuclear powerplants
- medical x-ray equipment
- radioactive material

*Safe Drinking Water*

- boil water advisories
- lead & copper compliance
- water allocations
- public water systems permitting & compliance

*Waste Management*

- landfill odors
- illegal burning or dumping
- recycling & e-recycling
- municipal waste planning
- permitting & compliance

*Waterways & Wetlands*

- permitting & compliance of stream & wetland impacts
- bridges & culverts
- piers, docks, & boat launches
- stream maintenance
- most pipelines
- west Nile virus

*District Mining Operations*

- permitting & compliance
- surface & deep coal & non coal mines
- water and subsidence issues from active mining
- mine safety

*Bureau of Abandoned Mine Reclamation*

- abandoned mine hazard mitigation
- ground stabilization from legacy mine subsidence

*Oil & Gas*

- permitting & compliance
- conventional & unconventional surface & subsurface
- underground injection control wells
- legacy wells
- oil & gas gathering lines
- stray gas investigations

**The Pennsylvania Department of Environmental Protection (DEP) strives to assist government officials, citizens, organizations, and businesses in understanding environmental issues and regulations.** DEP is delegated authority to enforce many state and federal environmental laws and regulations and receives some federal funding allocations.

**Regional Offices:** DEP's six Regional Offices address environmental permitting, compliance, and appeals. Regional offices respond to environmental complaints and emergencies, engage with citizens and local groups, and provide regional information to legislators. Regional offices also conduct West Nile Virus control and Black Fly suppression programs.

**Central Office:** DEP's Central Office reviews and promulgates regulations, policies, and guidance documents; administers grants; and oversees issues like climate and energy, air modeling, meteorology, and certain permitting activities like dams and waste hauler authorizations.

Local, county and federal entities may have separate authorizations, regulations, and zoning. DEP works with these partners on various environmental issues. This is a sample of common issues outside of DEP's purview or where DEP shares oversight.

- mobile air sources
- indoor air quality
- on-lot sewage disposal systems
- certain waterways & wetlands permitting and compliance
- pretreatment for non-sewage discharges
- flood prevention and mitigation (including sewage backups)
- underground injection control well fluids
- pipeline construction and siting
- environmental stewardship projects, guidance, and programming
- The Allegheny County Health Department conducts sewage and waste inspections and associated minor enforcement matters, and has jurisdiction over the air quality program within the county
