

# **SAFETY DATA SHEET**

	1. Identification		
Product identifier	Hydrex 6890		
Other means of identification	None.		
Recommended use	Antifoam		
<b>Recommended restrictions</b>	None known.		
Manufacturer/Importer/Supp	lier/Distributor information		
Supplier	Veolia Water Technologies, Inc		
Address	945 S. Brown School Road		
	Vandalia, Ohio		
	45377		
Contact Person	Hydrex Product Manager		
Telephone	+1-937-890-4075		
Fax	+1-937-890-5495		
e-mail	hydrex.msds@veolia.com		
Global Emergency Contact	+1-760-476-3962 (Code: 333239)		
	2. Hazard(s) identifica	ntion	
Physical hazards	Not classified.		
, Health hazards	Serious eye damage/eye irritation	Category 2B	
Environmental hazards	Not classified.	5,	
OSHA defined hazards	Not classified.		
Label elements			
Hazard symbol	None.		
Signal word	None.		
Hazard statement	The mixture does not meet the criteria for classification.		
Precautionary statement			
Prevention	Avoid forming spray/aerosol mists. Observe good industrial hygiene practices.		
Response	Wash hands after handling.		
Storage	Store in cool place. Protect from sunlight. Store away from incompatible materials.		
Disposal	Dispose of waste and residues in accordance contents/container to an appropriate treatm laws and regulations, and product character	ent and disposal facility in acco	
Hazard(s) not otherwise classified (HNOC)	None known.		
Supplemental information	None.		
	3. Composition/information or	n ingredients	
Mixtures			
Chemical name	Common name and synonyms	CAS number	%
PROPRIETARY INGREDIENTS		N/A	90 - 100
Other components below repor	table levels		0.19

\*Designates that a specific chemical identity and/or percentage of composition has been withheld as a trade secret.

## 4. First-aid measures

Inhalation	Move to fresh air. Call a physician if symptoms develop or persist.	
Skin contact	Wash off with soap and water. Get medical attention if irritation develops and persists.	
Eye contact	Rinse with water. Get medical attention if irritation develops and persists.	
Ingestion	Rinse mouth. Get medical attention if symptoms occur.	
Most important symptoms/effects, acute and delayed	Direct contact with eyes may cause temporary irritation.	
Material name: Hydrex 6890		

3764 Version #: 01 Issue date: 04-26-2017 SDS US

Treat symptomatically.

Ensure that medical personnel are aware of the material(s) involved, and take precautions to
protect themselves.

	protect themselves.	
	5. Fire-fighting measures	
Suitable extinguishing media	Water fog. Foam. Dry chemical powder. Carbon dioxide (CO2).	
Unsuitable extinguishing media	Not available.	
Specific hazards arising from the chemical	During fire, gases hazardous to health may be formed.	
Special protective equipment and precautions for firefighters	Self-contained breathing apparatus and full protective clothing must be worn in case of fire.	
Fire fighting equipment/instructions	Move containers from fire area if you can do so without risk.	
Specific methods	Use standard firefighting procedures and consider the hazards of other involved materials.	
General fire hazards	No unusual fire or explosion hazards noted.	
	6. Accidental release measures	
Personal precautions, protective equipment and emergency procedures	Keep unnecessary personnel away. For personal protection, see section 8 of the SDS.	
Methods and materials for containment and cleaning up	Large Spills: Stop the flow of material, if this is without risk. Dike the spilled material, where this is possible. Absorb in vermiculite, dry sand or earth and place into containers. Following product recovery, flush area with water.	
	Small Spills: Wipe up with absorbent material (e.g. cloth, fleece). Clean surface thoroughly to remove residual contamination.	
Environmental precautions	Never return spills to original containers for re-use. For waste disposal, see section 13 of the SDS. Avoid discharge into drains, water courses or onto the ground.	
	7. Handling and storage	
Precautions for safe handling	Avoid forming spray/aerosol mists. Avoid prolonged exposure. Observe good industrial hygiene practices.	
Conditions for safe storage, including any incompatibilities	Store in original tightly closed container. Store away from incompatible materials (see Section 10 of the SDS).	
	8. Exposure controls/personal protection	
Biological limit values	No biological exposure limits noted for the ingredient(s).	
Appropriate engineering controls	Good general ventilation (typically 10 air changes per hour) should be used. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne levels to an acceptable level.	
Individual protection measures Eye/face protection	s, such as personal protective equipment Wear safety glasses with side shields (or goggles) and a face shield. Chemical goggles and face shield are recommended.	
Skin protection Hand protection	Chemical resistant gloves.	
Other	Wear suitable protective clothing. Chemical resistant gloves.	
Respiratory protection	In case of insufficient ventilation, wear suitable respiratory equipment. Avoid forming spray/aerosol mists.	
Thermal hazards	Wear appropriate thermal protective clothing, when necessary.	

General hygiene considerations	Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment remove contaminants.
	9. Physical and chemical properties
Appearance	Opaque.
Physical state	Liquid.
Form	Liquid.
Color	White
Odor	Slight
рН	8.8
Melting point/freezing point	28.4 °F (-2 °C)
Initial boiling point and boiling range	100
Flash point	Not available.
Evaporation rate	Not available.
Flammability (solid, gas)	Not available.
Upper/lower flammability or e	explosive limits
Flammability limit - lower (%)	Not available.
Flammability limit - upper (%)	Not available.
Explosive limit - lower (%)	Not available.
Explosive limit - upper (%)	Not available.
Vapor pressure	Not available.
Vapor density	Not available.
Solubility(ies)	
Solubility (water)	< 5
Partition coefficient (n-octanol/water)	Not available.
Auto-ignition temperature	Not available.
Decomposition temperature	Not available.
Viscosity	300 - 900 cP
Other information	
Density	0.98 @ 25 ℃
Specific gravity	0.98
	10. Stability and reactivity
Reactivity	The product is stable and non-reactive under normal conditions of use, storage and transport.
Chemical stability	Material is stable under normal conditions.
Possibility of hazardous reactions	No dangerous reaction known under conditions of normal use. Hazardous polymerization does not occur.
Conditions to avoid	Keep away from open flames, hot surfaces and sources of ignition. Contact with incompatible materials.
Incompatible materials	Strong oxidizing substances. Halogens. Acids.
Hazardous decomposition products	Carbon oxides. Carbon monoxide. Organic compounds.
	11. Toxicological information
Information on likely routes o	f exposure
Inhalation	Prolonged inhalation may be harmful.

Inhalation	Prolonged inhalation may be harmful.
Skin contact	No adverse effects due to skin contact are expected.
Eye contact	Direct contact with eyes may cause temporary irritation.
Ingestion	Expected to be a low ingestion hazard.

Symptoms related to the physical, chemical and toxicological characteristics	Direct contact with eyes may cause temporary irritation.	
Information on toxicological e	ffects	
Acute toxicity	Not available.	
Skin corrosion/irritation	Prolonged skin contact may cause temporary irritation.	
Serious eye damage/eye irritation	Direct contact with eyes may cause temporary irritation.	
Respiratory or skin sensitization	on	
<b>Respiratory sensitization</b>	Not a respiratory sensitizer.	
Skin sensitization	This product is not expected to cause skin sensitization.	
Germ cell mutagenicity	No data available to indicate product or any components present at greater than 0.1% are mutagenic or genotoxic.	
Carcinogenicity	This product is not considered to be a carcinogen by IARC, ACGIH, NTP, or OSHA.	
IARC Monographs. Overall	Evaluation of Carcinogenicity	
Not listed.		
	ed Substances (29 CFR 1910.1001-1050)	
Not regulated. US. National Toxicology Pr	ogram (NTP) Report on Carcinogens	
Not listed.		
Reproductive toxicity	This product is not expected to cause reproductive or developmental effects.	
Specific target organ toxicity - single exposure	Not classified.	
Specific target organ toxicity - repeated exposure	Not classified.	
Aspiration hazard	Not an aspiration hazard.	
Chronic effects	Prolonged inhalation may be harmful.	
	12. Ecological information	
Ecotoxicity	The product is not classified as environmentally hazardous. However, this does not exclude the possibility that large or frequent spills can have a harmful or damaging effect on the environment.	
Persistence and degradability	No data is available on the degradability of this product.	
Bioaccumulative potential	No data available.	
Mobility in soil	No data available.	
Other adverse effects	No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this component.	
	13. Disposal considerations	
Disposal instructions	Collect and reclaim or dispose in sealed containers at licensed waste disposal site.	
Local disposal regulations	Dispose in accordance with all applicable regulations.	
Hazardous waste code	The waste code should be assigned in discussion between the user, the producer and the waste disposal company.	
Waste from residues / unused products	Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions).	
Contaminated packaging	Empty containers should be taken to an approved waste handling site for recycling or disposal. Since emptied containers may retain product residue, follow label warnings even after container is emptied.	

### DOT

Not regulated as dangerous goods.

ΙΑΤΑ

Not regulated as dangerous goods.

#### IMDG

Not regulated as dangerous goods.

Transport in bulk according to Not established. Annex II of MARPOL 73/78 and the IBC Code

	15. Regulatory information	
US federal regulations	All components are on the U.S. EPA TSCA Inventory List.	
TSCA Section 12(b) Expo	ort Notification (40 CFR 707, Subpt. D)
