 Subject: RE: Pocono Highland Lake Estates

Hi Cal,

This is similar to previous applications at Pocono Highland Lake Estates and our comments are the same. Glyphosate and Clipper application should only take place between June 1 and August 1. The Michael Creek Diversion will remain shut until Labor Day.

We have no objections or restrictions to the application of Copper Sulfate, which the Borough has applied to its intake reservoir in the past, provided that the manufacturer's recommendations are followed.

Very Truly Yours,
