Summary of Review

The applicant is requesting renewal of their NPDES permit to discharge stormwater associated with industrial activity to Iron Run, a HQ-CWF, MF (High Quality-Cold Water Fishes, Migratory Fishes) designated receiving stream in state water plan basin 2-C (Lower Lehigh River). As per the Department's current existing use list, the receiving stream does not have an existing use classification that is more protective than its designated use.

This renewal permit includes a name change from Behr Process Corporation to Behr Process LLC.

This facility is classified by SIC Code 2851 (Manufacturing Paints and Allied Products) and falls under Appendix F of the PAG-03 General Permit. Monitoring and reporting includes pH, Total Suspended Solids (TSS), Chemical Oxygen Demand (COD), Total Nitrogen, and Total Phosphorus, Total Aluminum, Total Lead, Nitrite-Nitrate-N, Total Zinc and Total Iron.

Benchmarks exist for TSS, COD, pH and Nitrite-Nitrate-N.

Benchmark values are not effluent limitations, and exceedances do not constitute permit violations. However, if the permittee's sampling demonstrates exceedances of benchmark values for two or more consecutive monitoring periods, the permittee shall take action in accordance with Part C. V. F. of the permit. A corrective action plan must be submitted to DEP if the discharge concentration for the parameters exceeds the benchmark values for two or more consecutive monitoring periods.

An inspection was performed February 1, 2020.

Permittee is reminded that PPC Plan Implementation and annual inspection is required under this permit.

WMS Query by client report return no violations for both clients

Summary of Review

Public Participation

DEP will publish notice of the receipt of the NPDES permit application and a tentative decision to issue the individual NPDES permit in the *Pennsylvania Bulletin* in accordance with 25 Pa. Code § 92a.82. Upon publication in the *Pennsylvania Bulletin*, DEP will accept written comments from interested persons for a 30-day period (which may be extended for one additional 15-day period at DEP's discretion), which will be considered in making a final decision on the application. Any person may request or petition for a public hearing with respect to the application. A public hearing may be held if DEP determines that there is significant public interest in holding a hearing. If a hearing is held, notice of the hearing will be published in the *Pennsylvania Bulletin* at least 30 days prior to the hearing and in at least one newspaper of general circulation within the geographical area of the discharge.
