Re: DEP File No. ESG03000150001
Response to July 29, 2016 Technical Deficiency Letter
Atlantic Sunrise Project – CPL North, CPL South and Associated Facilities
Columbia, Lancaster, Lebanon, Luzerne, Northumberland, Schuylkill, Susquehanna, and
Wyoming Counties

Dear Mr. Crawford:

Transcontinental Gas Pipe Line Company, LLC (Transco) is submitting the following revised Application in response to the Technical Deficiency letter issued by the Pennsylvania Department of Environmental Protection (PADEP) South-central Regional Office on July 29, 2016 for the Erosion and Sediment Control General Permit (ESCGP-2). The original Notice of Intent for the CPL North, CPL South, and Associated for the Atlantic Sunrise Project (Project) was submitted to PADEP on August 28, 2015. Transco requested a sixty (60) calendar day extension to respond to the technical deficiencies issued on September 23, 2016, which was granted by the PADEP on October 11, 2016.

Per the PADEP's request, with this transmittal we are providing all portions of the original Notice of Intent package with the Project revisions due to new survey data and response to technical deficiencies. As agreed upon previously, we are providing hard copy of the revised Application for your review as well as the distribution list. As such, enclosed is a revised, complete permit application with new or added information marked in ***bold, italicized text*** and removed features marked as **~~bold, strikethrough text~~**. To aid in your review, yellow highlighted sections indicate content which is county specific. Also enclosed to facilitate the PADEP's review of Transco's response to technical deficiencies is an updated response to technical deficiency table, and their location within the revised Application package.

*Atlantic Sunrise Project
Technical Deficiency Response Status
November 11, 2016*

If you have any questions regarding the Project, please contact me at (713) 215-3427 or joseph.dean@williams.com. Thank you for your continued consideration.

Sincerely,

A handwritten signature in black ink, appearing to read "Joseph Dean". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

Joseph Dean, Manager, Permitting
