

ATTACHMENT

ACT 14 COUNTY AND MUNICIPAL NOTIFICATIONS

Note: Attachments to most letters were the same; in this case, one copy of the attachments is provided behind the first letter only, to avoid duplication and reduce redundancy.

For Attachment 2 (the exception): the attachment (County Notification Form or Municipal Notification Form) varied based on whether the letter was sent to a county or a municipality. One copy of these two different forms are provided as attachments to the first two letters only (respective to Potter County and Allegany Township).

**POTTER COUNTY AND MUNICIPALITIES
AND PROOF OF DELIVERY**

BY CERTIFIED MAIL

October 15, 2024

Potter County Commissioners
1 North Main Street
Coudersport, PA 16915

**Subject: Notice under Acts 14, 67, 68, and 127
National Fuel Gas Supply Corporation – Tioga Pathway Project**

Notice of Applications to Pennsylvania DEP:

- **Erosion and Sediment Control Permit for Discharges of Stormwater Associated with Construction Activities**
- **Joint Application for Chapter 105 Water Obstruction/Encroachment Permit and U.S. Army Corps of Engineers Section 404 Permit**
- **Section 401 Water Quality Certification**

Dear Potter County Commissioners:

This municipal notice, under the requirements of Acts 14, 67, 68, and 127 of the Municipalities Planning Code, is to inform you of our intent to submit the subject permit applications to the Pennsylvania Department of Environmental Protection (DEP) for the following proposed project:

Project Name: Tioga Pathway Project (Project)

Applicant Name: National Fuel Gas Supply Corporation (National Fuel)

Applicant Contact: Lauren McMillan
1100 State Street
Erie, PA 16501
(814) 871-8195

Project Description: National Fuel is proposing to construct and operate the Project and to abandon certain pipeline facilities. The Project is located in Potter, Tioga, and McKean counties, Pennsylvania (PA), and consists of the construction and operation of the following facilities described in more detail as follows:

- **Z20 Replacement Pipeline:** Replace approximately 3.84 miles of 12-inch 1936-vintage bare steel pipeline with new 20-inch coated steel pipeline in National Fuel's existing right-of-way (ROW) in Potter County;
- **YM59 Mainline Pipeline:** Install approximately 19.48 miles of new 20-inch coated steel pipeline beginning at the east end of the 3.84-mile Z20 Pipeline replacement, traversing Potter, and Tioga counties, and ending at the NFG Midstream Covington, LLC (Midstream) Lee Hill Interconnect;

- Auxiliary Facilities:
 - McCutcheon Hill Over-pressure Protection (OPP) Station: Construct a new OPP station at the interconnection between the eastern terminus of the Z20 Replacement Pipeline and the western terminus of the YM59 Mainline Pipeline in Potter County;
 - Measurement equipment at Midstream's Lee Hill Interconnect: Install gas measurement, gas quality, flow control, OPP devices, a pig launcher, and associated appurtenances (Measurement Facilities) at Midstream's Lee Hill Interconnect to connect the proposed YM59 Mainline Pipeline to Midstream's facilities at the east end of the Project in Chatham Township, Tioga County;
 - Perform minor modifications at National Fuel's existing Ellisburg Compressor Station (CS) including replacing/installing measurement, OPP devices, flow control, and other associated appurtenances in Potter County;
 - Construct one new remote-control valve (RCV) setting at a location along the YM59 Pipeline in Tioga County;
 - Perform modifications to an existing valve setting on the Z20 Replacement Pipeline in Potter County; and
 - Install a new cathodic protection ground bed at a location along the YM59 Pipeline in Tioga County.¹

To support construction activities and operation of the Project, National Fuel estimates that approximately 3.96 miles of temporary access roads (TARs) and 1.76 miles of permanent access roads (PARs) will be used. In addition, three (3) previously used staging areas (Port Allegany Pipe Yard, Harrison Valley Contractor Yard [HV Contractor Yard], and Middlebury Contractor Yard) will be used to store materials and equipment.

Site Location: The location of the proposed Project is shown on the attached United States (U.S.) Geological Survey (USGS) Project Location Map(s).

Municipality/County: The Project is located in the following municipalities and counties:

- Allegany and Harrison Townships, Potter County;
- Brookfield, Westfield, Deerfield, Chatham, and Middlebury Townships, Tioga County; and
- Liberty Township, McKean County.

Section 1905-A of the Commonwealth Administrative Code, as amended by Act 14, requires that each applicant for a DEP permit must give written notice to the municipality(ies) and the county(ies) in which the permitted activity is located. The written notice shall be received by the municipality(ies) and county(ies) at least 30 days before the DEP may issue or deny the permit.

Acts 67 and 68, which amended the Municipalities Planning Code to support sound land use practices and planning efforts, direct state agencies to consider comprehensive plans and zoning ordinances when reviewing applications for permitting of facilities or infrastructure and specify

¹ Two cathodic protection ground bed locations are being considered as potential siting alternatives, but the Project will only require construction of one ground bed.

that state agencies may rely upon comprehensive plans and zoning ordinances under certain conditions as described in Sections 619.2 and 1105 of the Municipal Planning Code. A Chapter 102 Municipal Notification Form and Chapter 105 General Information Form (GIF) for the Project are attached for your reference.

DEP invites you to review the attached information and comment on the land use aspects of this Project; please be specific to DEP when identifying any areas of conflict. If you wish to submit comments for DEP to consider in a land use review of this Project, you must respond within 30 days to the DEP office listed below. If there are no land use comments received by the end of the comment period, DEP will assume that there are no substantive land use conflicts and proceed with the normal application review process.

Please submit any comments concerning this Project within 30 days from date of receipt of this letter to the DEP office listed below:

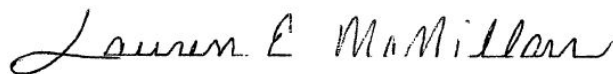

PA Department of Environmental Protection
Regional Permit Coordination Office
400 Market Street
10th Floor Rachel Carson State Office Building
Harrisburg, Pennsylvania, 17101
Email: RA-EPREGIONALPERMIT@pa.gov
Phone: (717) 772-5987

For more information about this land use review process, please visit www.dep.pa.gov, (keyword: Land Use Reviews).

Should you have questions regarding this matter, please do not hesitate to contact Lauren McMillan at (814) 871-8195 or via email at McmillanL@natfuel.com.

Sincerely,

NATIONAL FUEL GAS SUPPLY CORPORATION

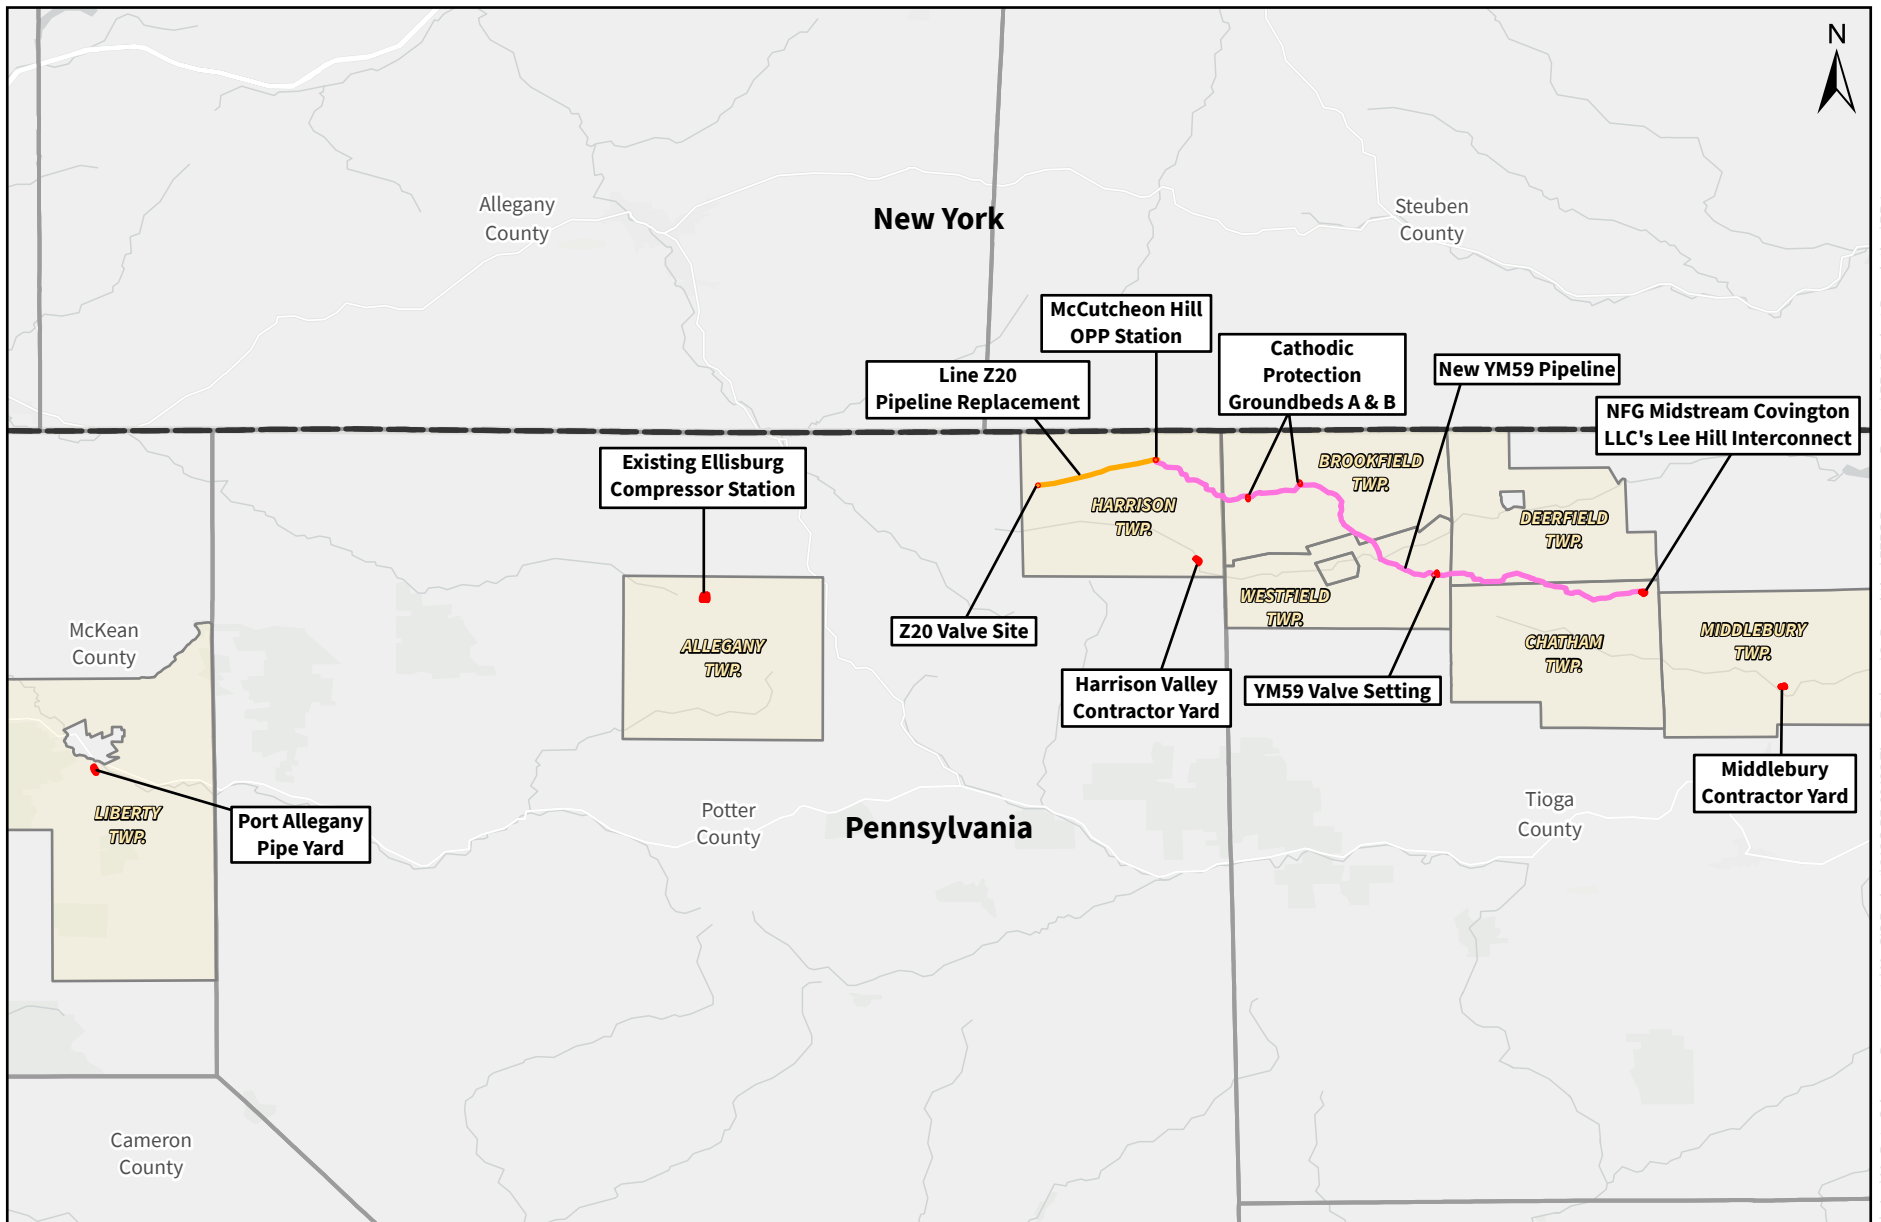

Lauren McMillan

SITE INFORMATION

DEP Site ID#	Site Name Tioga Pathway Project
EPA ID#	Estimated Number of Employees to be Present at Site 0 (after completion of construction)

Description of Site

- Linear pipeline, multiple properties in Potter and Tioga counties, and pipe yard in McKean County, PA. Approximately 3.84 miles of National Fuel's existing 12-inch-diameter vintage bare steel Z20 Pipeline will be replaced with new 20-inch diameter pipeline in National Fuel's existing 50-foot-wide pipeline ROW in Potter County. The Project also includes approximately 19.48 miles of new 20-inch-diameter steel YM59 Pipeline starting in Harrison Township in Potter County, and will continue east for approximately 2.89 miles before crossing into Tioga County. In Tioga County, the pipeline will traverse the townships of Brookfield, Westfield, Deerfield, and Chatham. Land use types along the Z20 Pipeline consist of agricultural land, forest/woodland, open land, and residential land. Land use types along the YM59 Pipeline consist of agricultural land, forest/woodland, open land, scrub/shrub, developed land, and residential land. A location map of the proposed Project is provided in Attachment 7.

Fall 2026	Complete Construction		
2027	Complete Remaining Restoration		

1. **Is the project located in or within a 0.5-mile radius of an Environmental Justice community as defined by DEP?** Yes No
- To determine if the project is located in or within a 0.5-mile radius of an environmental justice community, please use the online [Environmental Justice Areas Viewer](#).
2. **Have you informed the surrounding community prior to submitting the application to the Department?** Yes No

Method of notification: Meetings with municipal leadership, Appearances at township meetings, Applicant-sponsored public meetings, direct contacts with affected landowners for survey permissions and easement negotiations

3. **Have you addressed community concerns that were identified?** Yes No N/A

If no, please briefly describe the community concerns that have been expressed and not addressed.

4. **Is your project funded by state or federal grants?** Yes No

Note: If "Yes", specify what aspect of the project is related to the grant and provide the grant source, contact person and grant expiration date.

Aspect of Project Related to Grant

Grant Source: _____

Grant Contact Person: _____

Grant Expiration Date: _____

5. **Is this application for an authorization on Appendix A of the Land Use Policy? (For referenced list, see Appendix A of the Land Use Policy attached to GIF instructions)** Yes No

Note: If "No" to Question 5, the application is not subject to the Land Use Policy.

If "Yes" to Question 5, the application is subject to this policy and the Applicant should answer the additional questions in the **Land Use Information** section.

LAND USE INFORMATION

Note: Applicants should submit copies of local land use approvals or other evidence of compliance with local comprehensive plans and zoning ordinances.

1. **Is there an adopted county or multi-county comprehensive plan?** Yes No
2. **Is there a county stormwater management plan?** Yes No
3. **Is there an adopted municipal or multi-municipal comprehensive plan?** Yes No
4. **Is there an adopted county-wide zoning ordinance, municipal zoning ordinance or joint municipal zoning ordinance?** Yes No

Note: If the Applicant answers "No" to either Questions 1, 3 or 4, the provisions of the PA MPC are not applicable and the Applicant does not need to respond to questions 5 and 6 below.

If the Applicant answers "Yes" to questions 1, 3 and 4, the Applicant should respond to questions 5 and 6 below.

5. **Does the proposed project meet the provisions of the zoning ordinance or does the proposed project have zoning approval?** Yes No
If zoning approval has been received, attach documentation.
6. **Have you attached Municipal and County Land Use Letters for the project?** Yes No

COORDINATION INFORMATION

Note: The PA Historical and Museum Commission must be notified of proposed projects in accordance with DEP Technical Guidance Document 012-0700-001 utilizing the [Project Review Form](#).

If the activity will be a mining project (i.e., mining of coal or industrial minerals, coal refuse disposal and/or the operation of a coal or industrial minerals preparation/processing facility), respond to questions 1.0 through 2.5 below.

If the activity will not be a mining project, skip questions 1.0 through 2.5 and begin with question 3.0.

- 1.0 **Is this a coal mining project?** If "Yes", respond to 1.1-1.6. If "No", skip to Question 2.0. Yes No
- 1.1 **Will this coal mining project involve coal preparation/ processing activities in which the total amount of coal prepared/processed will be equal to or greater than 200 tons/day?** Yes No

1.2	Will this coal mining project involve coal preparation/ processing activities in which the total amount of coal prepared/processed will be greater than 50,000 tons/year?	<input type="checkbox"/>	Yes	<input type="checkbox"/>	No
1.3	Will this coal mining project involve coal preparation/ processing activities in which thermal coal dryers or pneumatic coal cleaners will be used?	<input type="checkbox"/>	Yes	<input type="checkbox"/>	No
1.4	For this coal mining project, will sewage treatment facilities be constructed and treated waste water discharged to surface waters?	<input type="checkbox"/>	Yes	<input type="checkbox"/>	No
1.5	Will this coal mining project involve the construction of a permanent impoundment meeting one or more of the following criteria: (1) a contributory drainage area exceeding 100 acres; (2) a depth of water measured by the upstream toe of the dam at maximum storage elevation exceeding 15 feet; (3) an impounding capacity at maximum storage elevation exceeding 50 acre-feet?	<input type="checkbox"/>	Yes	<input type="checkbox"/>	No
1.6	Will this coal mining project involve underground coal mining to be conducted within 500 feet of an oil or gas well?	<input type="checkbox"/>	Yes	<input type="checkbox"/>	No
2.0	Is this a non-coal (industrial minerals) mining project? If "Yes", respond to 2.1-2.6. If "No", skip to Question 3.0.	<input type="checkbox"/>	Yes	<input checked="" type="checkbox"/>	No
2.1	Will this non-coal (industrial minerals) mining project involve the crushing and screening of non-coal minerals other than sand and gravel?	<input type="checkbox"/>	Yes	<input type="checkbox"/>	No
2.2	Will this non-coal (industrial minerals) mining project involve the crushing and/or screening of sand and gravel with the exception of wet sand and gravel operations (screening only) and dry sand and gravel operations with a capacity of less than 150 tons/hour of unconsolidated materials?	<input type="checkbox"/>	Yes	<input type="checkbox"/>	No
2.3	Will this non-coal (industrial minerals) mining project involve the construction, operation and/or modification of a portable non-metallic (i.e., non-coal) minerals processing plant under the authority of the General Permit for Portable Non-metallic Mineral Processing Plants (i.e., BAQ-PGPA/GP-3)?	<input type="checkbox"/>	Yes	<input type="checkbox"/>	No
2.4	For this non-coal (industrial minerals) mining project, will sewage treatment facilities be constructed and treated waste water discharged to surface waters?	<input type="checkbox"/>	Yes	<input type="checkbox"/>	No
2.5	Will this non-coal (industrial minerals) mining project involve the construction of a permanent impoundment meeting one or more of the following criteria: (1) a contributory drainage area exceeding 100 acres; (2) a depth of water measured by the upstream toe of the dam at maximum storage elevation exceeding 15 feet; (3) an impounding capacity at maximum storage elevation exceeding 50 acre-feet?	<input type="checkbox"/>	Yes	<input type="checkbox"/>	No
3.0	Will your project, activity, or authorization have anything to do with a well related to oil or gas production, have construction within 200 feet of, affect an oil or gas well, involve the waste from such a well, or string power lines above an oil or gas well? If "Yes", respond to 3.1-3.3. If "No", skip to Question 4.0.	<input checked="" type="checkbox"/>	Yes	<input type="checkbox"/>	No
3.1	Does the oil- or gas-related project involve any of the following: placement of fill, excavation within or placement of a structure, located in, along, across or projecting into a watercourse, floodway or body of water (including wetlands)?	<input checked="" type="checkbox"/>	Yes	<input type="checkbox"/>	No
3.2	Will the oil- or gas-related project involve discharge of industrial wastewater or stormwater to a dry swale, surface water, ground water or an existing sanitary sewer system or storm water system? If "Yes", discuss in <i>Project Description</i> .	<input type="checkbox"/>	Yes	<input checked="" type="checkbox"/>	No
3.3	Will the oil- or gas-related project involve the construction and operation of industrial waste treatment facilities?	<input type="checkbox"/>	Yes	<input checked="" type="checkbox"/>	No

4.0	Will the project involve a construction activity that results in earth disturbance? If "Yes", specify the total disturbed acreage.	<input checked="" type="checkbox"/>	Yes	<input type="checkbox"/>	No
4.0.1	Total Disturbed Acreage 359.30				
4.0.2	Will the project discharge or drain to a special protection water (EV or HQ) or an EV wetland?	<input checked="" type="checkbox"/>	Yes	<input type="checkbox"/>	No
4.0.3	Will the project involve a construction activity that results in earth disturbance in the area of the earth disturbance that are contaminated at levels exceeding residential or non-residential medium-specific concentrations (MSCs) in 25 Pa. Code Chapter 250 at residential or non-residential construction sites, respectively?	<input type="checkbox"/>	Yes	<input checked="" type="checkbox"/>	No
5.0	Does the project involve any of the following: water obstruction and/or encroachment, wetland impacts, or floodplain project by the Commonwealth/political subdivision or public utility? If "Yes", respond to 5.1-5.7. If "No", skip to Question 6.0.	<input checked="" type="checkbox"/>	Yes	<input type="checkbox"/>	No
5.1	Water Obstruction and Encroachment Projects – Does the project involve any of the following: placement of fill, excavation within or placement of a structure, located in, along, across or projecting into a watercourse, floodway or body of water?	<input checked="" type="checkbox"/>	Yes	<input type="checkbox"/>	No
5.2	Wetland Impacts – Does the project involve any of the following: placement of fill, excavation within or placement of a structure, located in, along, across or projecting into a wetland?	<input checked="" type="checkbox"/>	Yes	<input type="checkbox"/>	No
5.3	Floodplain Projects by the Commonwealth, a Political Subdivision of the Commonwealth or a Public Utility – Does the project involve any of the following: placement of fill, excavation within or placement of a structure, located in, along, across or projecting into a floodplain?	<input checked="" type="checkbox"/>	Yes	<input type="checkbox"/>	No
5.4	Is your project an interstate transmission natural gas pipeline?	<input checked="" type="checkbox"/>	Yes	<input type="checkbox"/>	No
5.5	Does your project consist of linear construction activities which result in earth disturbance in two or more DEP regions AND three or more counties?	<input checked="" type="checkbox"/>	Yes	<input type="checkbox"/>	No
5.6	Does your project utilize Floodplain Restoration as a best management practice for Post Construction Stormwater Management?	<input checked="" type="checkbox"/>	Yes	<input type="checkbox"/>	No
5.7	Does your project utilize Class V Gravity / Injection Wells as a best management practice for Post Construction Stormwater Management?	<input type="checkbox"/>	Yes	<input checked="" type="checkbox"/>	No
6.0	Will the project involve discharge of construction related stormwater to a dry swale, surface water, ground water or separate storm water system?	<input type="checkbox"/>	Yes	<input checked="" type="checkbox"/>	No
6.1	Will the project involve discharge of industrial waste stormwater or wastewater from an industrial activity or sewage to a dry swale, surface water, ground water or an existing sanitary sewer system or separate storm water system?	<input type="checkbox"/>	Yes	<input checked="" type="checkbox"/>	No
7.0	Will the project involve the construction and operation of industrial waste treatment facilities?	<input type="checkbox"/>	Yes	<input checked="" type="checkbox"/>	No
8.0	Will the project involve construction of sewage treatment facilities, sanitary sewers, or sewage pumping stations? If "Yes", indicate estimated proposed flow (gal/day). Also, discuss the sanitary sewer pipe sizes and the number of pumping stations/treatment facilities/name of downstream sewage facilities in the <i>Project Description</i> , where applicable.	<input type="checkbox"/>	Yes	<input checked="" type="checkbox"/>	No
8.0.1	Estimated Proposed Flow (gal/day)				

9.0	Will the project involve the subdivision of land, or the generation of 800 gpd or more of sewage on an existing parcel of land or the generation of an additional 400 gpd of sewage on an already-developed parcel, or the generation of 800 gpd or more of industrial wastewater that would be discharged to an existing sanitary sewer system?	<input type="checkbox"/>	Yes	<input checked="" type="checkbox"/>	No
9.0.1	Was Act 537 sewage facilities planning submitted and approved by DEP? If "Yes" attach the approval letter. Approval required prior to 105/NPDES approval.	<input type="checkbox"/>	Yes	<input type="checkbox"/>	No
10.0	Is this project for the beneficial use of biosolids for land application within Pennsylvania? If "Yes" indicate how much (i.e. gallons or dry tons per year).	<input type="checkbox"/>	Yes	<input checked="" type="checkbox"/>	No
10.0.1	Gallons Per Year (residential septage)	_____			
10.0.2	Dry Tons Per Year (biosolids)	_____			
11.0	Does the project involve construction, modification or removal of a dam? If "Yes", identify the dam.	<input type="checkbox"/>	Yes	<input checked="" type="checkbox"/>	No
11.0.1	Dam Name	_____			
12.0	Will the project interfere with the flow from, or otherwise impact, a dam? If "Yes", identify the dam.	<input type="checkbox"/>	Yes	<input checked="" type="checkbox"/>	No
12.0.1	Dam Name	_____			
13.0	Will the project involve operations (excluding during the construction period) that produce air emissions (i.e., NOX, VOC, etc.)?	<input type="checkbox"/>	Yes	<input checked="" type="checkbox"/>	No
13.0.1	If "Yes", is the operation subject to the agricultural exemption in 35 P.S. § 4004.1?	<input type="checkbox"/>	Yes	<input type="checkbox"/>	No
13.0.2	If the answer to 13.0.1 is "No", identify each type of emission followed by the estimated amount of that emission. Enter all types & amounts of emissions; separate each set with semicolons.	No new permanent operational emissions sources proposed.			
14.0	Does the project include the construction or modification of a drinking water supply to serve 15 or more connections or 25 or more people, at least 60 days out of the year? If "Yes", check all proposed sub-facilities.	<input type="checkbox"/>	Yes	<input checked="" type="checkbox"/>	No
14.0.1	Number of Persons Served	_____			
14.0.2	Number of Employee/Guests	_____			
14.0.3	Number of Connections	_____			
14.0.4	Sub-Fac: Distribution System	<input type="checkbox"/>	Yes	<input type="checkbox"/>	No
14.0.5	Sub-Fac: Water Treatment Plant	<input type="checkbox"/>	Yes	<input type="checkbox"/>	No
14.0.6	Sub-Fac: Source	<input type="checkbox"/>	Yes	<input type="checkbox"/>	No
14.0.7	Sub-Fac: Pump Station	<input type="checkbox"/>	Yes	<input type="checkbox"/>	No
14.0.8	Sub Fac: Transmission Main	<input type="checkbox"/>	Yes	<input type="checkbox"/>	No
14.0.9	Sub-Fac: Storage Facility	<input type="checkbox"/>	Yes	<input type="checkbox"/>	No
15.0	Will your project include infiltration of storm water or waste water to ground water within one-half mile of a public water supply well, spring or infiltration gallery?	<input type="checkbox"/>	Yes	<input checked="" type="checkbox"/>	No
16.0	Is your project to be served by an existing public water supply? If "Yes", indicate name of supplier and attach letter from supplier stating that it will serve the project.	<input type="checkbox"/>	Yes	<input checked="" type="checkbox"/>	No
16.0.1	Supplier's Name	_____			
16.0.2	Letter of Approval from Supplier is Attached	<input type="checkbox"/>	Yes	<input type="checkbox"/>	No
17.0	Will this project be served by on-lot drinking water wells?	<input type="checkbox"/>	Yes	<input checked="" type="checkbox"/>	No
18.0	Will this project involve a new or increased drinking water withdrawal from a river, stream, spring, lake, well or other water bod(ies)? If "Yes", reference Safe Drinking Water Program.	<input type="checkbox"/>	Yes	<input checked="" type="checkbox"/>	No
18.0.1	Source Name	_____			

19.0	Will the construction or operation of this project involve treatment, storage, reuse, or disposal of waste? If "Yes", indicate what type (i.e., hazardous, municipal (including infectious & chemotherapeutic), residual) and the amount to be treated, stored, re-used or disposed.	<input checked="" type="checkbox"/>	Yes	<input type="checkbox"/>	No
19.0.1	Type & Amount Non-hazardous construction-related construction/demolition waste will be disposed; Amount not specifically quantified (during construction only)				
20.0	Will your project involve the removal of coal, minerals, contaminated media, or solid waste as part of any earth disturbance activities?	<input type="checkbox"/>	Yes	<input checked="" type="checkbox"/>	No
21.0	Does your project involve installation of a field constructed underground storage tank? If "Yes", list each Substance & its Capacity. Note: Applicant may need a Storage Tank Site Specific Installation Permit.	<input type="checkbox"/>	Yes	<input checked="" type="checkbox"/>	No
21.0.1	Enter all substances & capacity of each; separate each set with semicolons.				
22.0	Does your project involve installation of an aboveground storage tank greater than 21,000 gallons capacity at an existing facility? If "Yes", list each Substance & its Capacity. Note: Applicant may need a Storage Tank Site Specific Installation Permit.	<input type="checkbox"/>	Yes	<input checked="" type="checkbox"/>	No
22.0.1	Enter all substances & capacity of each; separate each set with semicolons.				
23.0	Does your project involve installation of a tank greater than 1,100 gallons which will contain a highly hazardous substance as defined in DEP's Regulated Substances List, 2570-BK-DEP2724? If "Yes", list each Substance & its Capacity. Note: Applicant may need a Storage Tank Site Specific Installation Permit.	<input type="checkbox"/>	Yes	<input checked="" type="checkbox"/>	No
23.0.1	Enter all substances & capacity of each; separate each set with semicolons.				
24.0	Does your project involve installation of a storage tank at a new facility with a total AST capacity greater than 21,000 gallons? If "Yes", list each Substance & its Capacity. Note: Applicant may need a Storage Tank Site Specific Installation Permit.	<input type="checkbox"/>	Yes	<input checked="" type="checkbox"/>	No
24.0.1	Enter all substances & capacity of each; separate each set with semicolons.				
NOTE: If the project includes the installation of a regulated storage tank system, including diesel emergency generator systems, the project may require the use of a Department Certified Tank Handler. For a full list of regulated storage tanks and substances, please go to www.dep.pa.gov search term storage tanks					
25.0	Will the intended activity involve the use of a radiation source?	<input type="checkbox"/>	Yes	<input checked="" type="checkbox"/>	No

Application

CERTIFICATION

I certify that I have the authority to submit this application on behalf of the applicant named herein and that the information provided in this application is true and correct to the best of my knowledge and information.

For applicants supplying an EIN number: I am applying for a permit or authorization from the Pennsylvania Department of Environmental Protection (DEP). As part of this application, I will provide DEP with an accurate EIN number for the applicant entity. By filing this application with DEP, I hereby authorize DEP to confirm the accuracy of the EIN number provided with the Pennsylvania Department of Revenue. As applicant, I further consent to the Department of Revenue discussing the same with DEP prior to issuance of the Commonwealth permit or authorization.

Allegany Township
1560 SR 49 E
Coudersport, PA 16915

**Subject: Notice under Acts 14, 67, 68, and 127
National Fuel Gas Supply Corporation – Tioga Pathway Project**

Notice of Applications to Pennsylvania DEP:

- **Erosion and Sediment Control Permit for Discharges Of Stormwater Associated With Construction Activities**
- **Joint Application for Chapter 105 Water Obstruction/Encroachment Permit and U.S. Army Corps of Engineers Section 404 Permit**
- **Section 401 Water Quality Certification**

Dear Allegany Township Board:

This municipal notice, under the requirements of Acts 14, 67, 68, and 127 of the Municipalities Planning Code, is to inform you of our intent to submit the subject permit applications to the Pennsylvania Department of Environmental Protection (DEP) for the following proposed project:

Project Name: Tioga Pathway Project (Project)

Applicant Name: National Fuel Gas Supply Corporation (National Fuel)

Applicant Contact: Lauren McMillan
1100 State Street
Erie, PA 16501
(814) 871-8195

Project Description: National Fuel is proposing to construct and operate the Project and to abandon certain pipeline facilities. The Project is located in Potter, Tioga, and McKean counties, Pennsylvania (PA), and consists of the construction and operation of the following facilities described in more detail as follows:

- **Z20 Replacement Pipeline:** Replace approximately 3.84 miles of 12-inch 1936-vintage bare steel pipeline with new 20-inch coated steel pipeline in National Fuel's existing right-of-way (ROW) in Potter County;
- **YM59 Mainline Pipeline:** Install approximately 19.48 miles of new 20-inch coated steel pipeline beginning at the east end of the 3.84-mile Z20 Pipeline replacement, traversing Potter and Tioga counties, and ending at the NFG Midstream Covington, LLC (Midstream) Lee Hill Interconnect;

- Auxiliary Facilities:
 - McCutcheon Hill Over-pressure Protection (OPP) Station: Construct a new OPP station at the interconnection between the eastern terminus of the Z20 Replacement Pipeline and the western terminus of the YM59 Mainline Pipeline in Potter County;
 - Measurement equipment at Midstream's Lee Hill Interconnect: Install gas measurement, gas quality, flow control, OPP devices, a pig launcher, and associated appurtenances (Measurement Facilities) at Midstream's Lee Hill Interconnect to connect the proposed YM59 Mainline Pipeline to Midstream's facilities at the east end of the Project in Chatham Township, Tioga County;
 - Perform minor modifications at National Fuel's existing Ellisburg Compressor Station (CS) including replacing/installing measurement, OPP devices, flow control, and other associated appurtenances in Potter County;
 - Construct one new remote-control valve (RCV) setting at a location along the YM59 Pipeline in Tioga County;
 - Perform modifications to an existing valve setting on the Z20 Replacement Pipeline in Potter County; and
 - Install a new cathodic protection ground bed at a location along the YM59 Pipeline in Tioga County.¹

To support construction activities and operation of the Project, National Fuel estimates that approximately 3.96 miles of temporary access roads (TARs) and 1.76 miles of permanent access roads (PARs) will be used. In addition, three (3) previously used staging areas (Port Allegany Pipe Yard, Harrison Valley Contractor Yard [HV Contractor Yard], and Middlebury Contractor Yard) will be used to store materials and equipment.

Site Location: The location of the proposed Project is shown on the attached United States (U.S.) Geological Survey (USGS) Project Location Map(s).

Municipality/County: The Project is located in the following municipalities and counties:

- Allegany and Harrison Townships, Potter County;
- Brookfield, Westfield, Deerfield, Chatham, and Middlebury Townships, Tioga County; and
- Liberty Township, McKean County.

Section 1905-A of the Commonwealth Administrative Code, as amended by Act 14, requires that each applicant for a DEP permit must give written notice to the municipality(ies) and the county(ies) in which the permitted activity is located. The written notice shall be received by the municipality(ies) and county(ies) at least 30 days before the DEP may issue or deny the permit.

Acts 67 and 68, which amended the Municipalities Planning Code to support sound land use practices and planning efforts, direct state agencies to consider comprehensive plans and zoning ordinances when reviewing applications for permitting of facilities or infrastructure and specify

¹ Two cathodic protection ground bed locations are being considered as potential siting alternatives, but the Project will only require construction of one ground bed.

that state agencies may rely upon comprehensive plans and zoning ordinances under certain conditions as described in Sections 619.2 and 1105 of the Municipal Planning Code. A Chapter 102 Municipal Notification Form and Chapter 105 General Information Form (GIF) for the Project are attached for your reference.

DEP invites you to review the attached information and comment on the land use aspects of this Project; please be specific to DEP when identifying any areas of conflict. If you wish to submit comments for DEP to consider in a land use review of this Project, you must respond within 30 days to the DEP office listed below. If there are no land use comments received by the end of the comment period, DEP will assume that there are no substantive land use conflicts and proceed with the normal application review process.

Please submit any comments concerning this Project within 30 days from date of receipt of this letter to the DEP office listed below:

**Subject: Notice under Acts 14, 67, 68, and 127
National Fuel Gas Supply Corporation – Tioga Pathway Project**

Notice of Applications to Pennsylvania DEP:

- **Erosion and Sediment Control Permit for Discharges of Stormwater Associated with Construction Activities**
- **Joint Application for Chapter 105 Water Obstruction/Encroachment Permit and U.S. Army Corps of Engineers Section 404 Permit**
- **Section 401 Water Quality Certification**

Dear Harrison Township Board:

This municipal notice, under the requirements of Acts 14, 67, 68, and 127 of the Municipalities Planning Code, is to inform you of our intent to submit the subject permit applications to the Pennsylvania Department of Environmental Protection (DEP) for the following proposed project:

Project Name: Tioga Pathway Project (Project)

Applicant Name: National Fuel Gas Supply Corporation (National Fuel)

Applicant Contact: Lauren McMillan
1100 State Street
Erie, PA 16501
(814) 871-8195

Project Description: National Fuel is proposing to construct and operate the Project and to abandon certain pipeline facilities. The Project is located in Potter, Tioga, and McKean counties, Pennsylvania (PA), and consists of the construction and operation of the following facilities described in more detail as follows:

- **Z20 Replacement Pipeline:** Replace approximately 3.84 miles of 12-inch 1936-vintage bare steel pipeline with new 20-inch coated steel pipeline in National Fuel's existing right-of-way (ROW) in Potter County;
- **YM59 Mainline Pipeline:** Install approximately 19.48 miles of new 20-inch coated steel pipeline beginning at the east end of the 3.84-mile Z20 Pipeline replacement, traversing Potter and Tioga counties, and ending at the NFG Midstream Covington, LLC (Midstream) Lee Hill Interconnect;

- Auxiliary Facilities:
 - McCutcheon Hill Over-pressure Protection (OPP) Station: Construct a new OPP station at the interconnection between the eastern terminus of the Z20 Replacement Pipeline and the western terminus of the YM59 Mainline Pipeline in Potter County;
 - Measurement equipment at Midstream's Lee Hill Interconnect: Install gas measurement, gas quality, flow control, OPP devices, a pig launcher, and associated appurtenances (Measurement Facilities) at Midstream's Lee Hill Interconnect to connect the proposed YM59 Mainline Pipeline to Midstream's facilities at the east end of the Project in Chatham Township, Tioga County;
 - Perform minor modifications at National Fuel's existing Ellisburg Compressor Station (CS) including replacing/installing measurement, OPP devices, flow control, and other associated appurtenances in Potter County;
 - Construct one new remote-control valve (RCV) setting at a location along the YM59 Pipeline in Tioga County;
 - Perform modifications to an existing valve setting on the Z20 Replacement Pipeline in Potter County; and
 - Install a new cathodic protection ground bed at a location along the YM59 Pipeline in Tioga County.¹

To support construction activities and operation of the Project, National Fuel estimates that approximately 3.96 miles of temporary access roads (TARs) and 1.76 miles of permanent access roads (PARs) will be used. In addition, three (3) previously used staging areas (Port Allegany Pipe Yard, Harrison Valley Contractor Yard [HV Contractor Yard], and Middlebury Contractor Yard) will be used to store materials and equipment.

Site Location: The location of the proposed Project is shown on the attached United States (U.S.) Geological Survey (USGS) Project Location Map(s).

Municipality/County: The Project is located in the following municipalities and counties:

- Allegany and Harrison Townships, Potter County;
- Brookfield, Westfield, Deerfield, Chatham, and Middlebury Townships, Tioga County; and
- Liberty Township, McKean County.

Section 1905-A of the Commonwealth Administrative Code, as amended by Act 14, requires that each applicant for a DEP permit must give written notice to the municipality(ies) and the county(ies) in which the permitted activity is located. The written notice shall be received by the municipality(ies) and county(ies) at least 30 days before the DEP may issue or deny the permit.

Acts 67 and 68, which amended the Municipalities Planning Code to support sound land use practices and planning efforts, direct state agencies to consider comprehensive plans and zoning ordinances when reviewing applications for permitting of facilities or infrastructure and specify

¹ Two cathodic protection ground bed locations are being considered as potential siting alternatives, but the Project will only require construction of one ground bed.

that state agencies may rely upon comprehensive plans and zoning ordinances under certain conditions as described in Sections 619.2 and 1105 of the Municipal Planning Code. A Chapter 102 Municipal Notification Form and Chapter 105 General Information Form (GIF) for the Project are attached for your reference.

DEP invites you to review the attached information and comment on the land use aspects of this Project; please be specific to DEP when identifying any areas of conflict. If you wish to submit comments for DEP to consider in a land use review of this Project, you must respond within 30 days to the DEP office listed below. If there are no land use comments received by the end of the comment period, DEP will assume that there are no substantive land use conflicts and proceed with the normal application review process.

Please submit any comments concerning this Project within 30 days from date of receipt of this letter to the DEP office listed below:

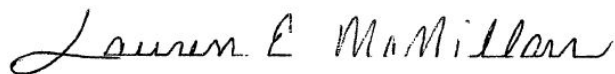

PA Department of Environmental Protection

**TIOGA COUNTY AND MUNICIPALITIES
AND PROOF OF DELIVERY**

BY CERTIFIED MAIL

October 15, 2024

Tioga County Commissioners
118 Main Street
Wellsboro, PA 16901

**Subject: Notice under Acts 14, 67, 68, and 127
National Fuel Gas Supply Corporation – Tioga Pathway Project**

Notice of Applications to Pennsylvania DEP:

- **Erosion and Sediment Control Permit for Discharges of Stormwater Associated with Construction Activities**
- **Joint Application for Chapter 105 Water Obstruction/Encroachment Permit and U.S. Army Corps of Engineers Section 404 Permit**
- **Section 401 Water Quality Certification**

Dear Tioga County Commissioners:

This municipal notice, under the requirements of Acts 14, 67, 68, and 127 of the Municipalities Planning Code, is to inform you of our intent to submit the subject permit applications to the Pennsylvania Department of Environmental Protection (DEP) for the following proposed project:

Project Name: Tioga Pathway Project (Project)

Applicant Name: National Fuel Gas Supply Corporation (National Fuel)

Applicant Contact: Lauren McMillan
1100 State Street
Erie, PA 16501
(814) 871-8195

Project Description: National Fuel is proposing to construct and operate the Project and to abandon certain pipeline facilities. The Project is located in Potter, Tioga, and McKean counties, Pennsylvania (PA), and consists of the construction and operation of the following facilities described in more detail as follows:

- **Z20 Replacement Pipeline:** Replace approximately 3.84 miles of 12-inch 1936-vintage bare steel pipeline with new 20-inch coated steel pipeline in National Fuel's existing right-of-way (ROW) in Potter County;
- **YM59 Mainline Pipeline:** Install approximately 19.48 miles of new 20-inch coated steel pipeline beginning at the east end of the 3.84-mile Z20 Pipeline replacement, traversing Potter, and Tioga counties, and ending at the NFG Midstream Covington, LLC (Midstream) Lee Hill Interconnect;

- Auxiliary Facilities:
 - McCutcheon Hill Over-pressure Protection (OPP) Station: Construct a new OPP station at the interconnection between the eastern terminus of the Z20 Replacement Pipeline and the western terminus of the YM59 Mainline Pipeline in Potter County;
 - Measurement equipment at Midstream's Lee Hill Interconnect: Install gas measurement, gas quality, flow control, OPP devices, a pig launcher, and associated appurtenances (Measurement Facilities) at Midstream's Lee Hill Interconnect to connect the proposed YM59 Mainline Pipeline to Midstream's facilities at the east end of the Project in Chatham Township, Tioga County;
 - Perform minor modifications at National Fuel's existing Ellisburg Compressor Station (CS) including replacing/installing measurement, OPP devices, flow control, and other associated appurtenances in Potter County;
 - Construct one new remote-control valve (RCV) setting at a location along the YM59 Pipeline in Tioga County;
 - Perform modifications to an existing valve setting on the Z20 Replacement Pipeline in Potter County; and
 - Install a new cathodic protection ground bed at a location along the YM59 Pipeline in Tioga County.¹

To support construction activities and operation of the Project, National Fuel estimates that approximately 3.96 miles of temporary access roads (TARs) and 1.76 miles of permanent access roads (PARs) will be used. In addition, three (3) previously used staging areas (Port Allegany Pipe Yard, Harrison Valley Contractor Yard [HV Contractor Yard], and Middlebury Contractor Yard) will be used to store materials and equipment.

Site Location: The location of the proposed Project is shown on the attached United States (U.S.) Geological Survey (USGS) Project Location Map(s).

Municipality/County: The Project is located in the following municipalities and counties:

- Allegany and Harrison Townships, Potter County;
- Brookfield, Westfield, Deerfield, Chatham, and Middlebury Townships, Tioga County; and
- Liberty Township, McKean County.

Section 1905-A of the Commonwealth Administrative Code, as amended by Act 14, requires that each applicant for a DEP permit must give written notice to the municipality(ies) and the county(ies) in which the permitted activity is located. The written notice shall be received by the municipality(ies) and county(ies) at least 30 days before the DEP may issue or deny the permit.

Acts 67 and 68, which amended the Municipalities Planning Code to support sound land use practices and planning efforts, direct state agencies to consider comprehensive plans and zoning ordinances when reviewing applications for permitting of facilities or infrastructure and specify

¹ Two cathodic protection ground bed locations are being considered as potential siting alternatives, but the Project will only require construction of one ground bed.

that state agencies may rely upon comprehensive plans and zoning ordinances under certain conditions as described in Sections 619.2 and 1105 of the Municipal Planning Code. A Chapter 102 Municipal Notification Form and Chapter 105 General Information Form (GIF) for the Project are attached for your reference.

DEP invites you to review the attached information and comment on the land use aspects of this Project; please be specific to DEP when identifying any areas of conflict. If you wish to submit comments for DEP to consider in a land use review of this Project, you must respond within 30 days to the DEP office listed below. If there are no land use comments received by the end of the comment period, DEP will assume that there are no substantive land use conflicts and proceed with the normal application review process.

Please submit any comments concerning this Project within 30 days from date of receipt of this letter to the DEP office listed below:

**Subject: Notice under Acts 14, 67, 68, and 127
National Fuel Gas Supply Corporation – Tioga Pathway Project**

Notice of Applications to Pennsylvania DEP:

- **Erosion and Sediment Control Permit for Discharges of Stormwater Associated with Construction Activities**
- **Joint Application for Chapter 105 Water Obstruction/Encroachment Permit and U.S. Army Corps of Engineers Section 404 Permit**
- **Section 401 Water Quality Certification**

Dear Brookfield Township:

This municipal notice, under the requirements of Acts 14, 67, 68, and 127 of the Municipalities Planning Code, is to inform you of our intent to submit the subject permit applications to the Pennsylvania Department of Environmental Protection (DEP) for the following proposed project:

Project Name: Tioga Pathway Project (Project)

Applicant Name: National Fuel Gas Supply Corporation (National Fuel)

Applicant Contact: Lauren McMillan
1100 State Street
Erie, PA 16501
(814) 871-8195

Project Description: National Fuel is proposing to construct and operate the Project and to abandon certain pipeline facilities. The Project is located in Potter, Tioga, and McKean counties, Pennsylvania (PA), and consists of the construction and operation of the following facilities described in more detail as follows:

- **Z20 Replacement Pipeline:** Replace approximately 3.84 miles of 12-inch 1936-vintage bare steel pipeline with new 20-inch coated steel pipeline in National Fuel's existing right-of-way (ROW) in Potter County;
- **YM59 Mainline Pipeline:** Install approximately 19.48 miles of new 20-inch coated steel pipeline beginning at the east end of the 3.84-mile Z20 Pipeline replacement, traversing Potter, and Tioga counties, and ending at the NFG Midstream Covington, LLC (Midstream) Lee Hill Interconnect;

- Auxiliary Facilities:
 - McCutcheon Hill Over-pressure Protection (OPP) Station: Construct a new OPP station at the interconnection between the eastern terminus of the Z20 Replacement Pipeline and the western terminus of the YM59 Mainline Pipeline in Potter County;
 - Measurement equipment at Midstream's Lee Hill Interconnect: Install gas measurement, gas quality, flow control, OPP devices, a pig launcher, and associated appurtenances (Measurement Facilities) at Midstream's Lee Hill Interconnect to connect the proposed YM59 Mainline Pipeline to Midstream's facilities at the east end of the Project in Chatham Township, Tioga County;
 - Perform minor modifications at National Fuel's existing Ellisburg Compressor Station (CS) including replacing/installing measurement, OPP devices, flow control, and other associated appurtenances in Potter County;
 - Construct one new remote-control valve (RCV) setting at a location along the YM59 Pipeline in Tioga County;
 - Perform modifications to an existing valve setting on the Z20 Replacement Pipeline in Potter County; and
 - Install a new cathodic protection ground bed at a location along the YM59 Pipeline in Tioga County.¹

To support construction activities and operation of the Project, National Fuel estimates that approximately 3.96 miles of temporary access roads (TARs) and 1.76 miles of permanent access roads (PARs) will be used. In addition, three (3) previously used staging areas (Port Allegany Pipe Yard, Harrison Valley Contractor Yard [HV Contractor Yard], and Middlebury Contractor Yard) will be used to store materials and equipment.

Site Location: The location of the proposed Project is shown on the attached United States (U.S.) Geological Survey (USGS) Project Location Map(s).

Municipality/County: The Project is located in the following municipalities and counties:

Dear Westfield Township:

This municipal notice, under the requirements of Acts 14, 67, 68, and 127 of the Municipalities Planning Code, is to inform you of our intent to submit the subject permit applications to the Pennsylvania Department of Environmental Protection (DEP) for the following proposed project:

Project Name: Tioga Pathway Project (Project)

Applicant Name: National Fuel Gas Supply Corporation (National Fuel)

Applicant Contact: Lauren McMillan
1100 State Street
Erie, PA 16501
(814) 871-8195

Project Description: National Fuel is proposing to construct and operate the Project and to abandon certain pipeline facilities. The Project is located in Potter, Tioga, and McKean counties, Pennsylvania (PA), and consists of the construction and operation of the following facilities described in more detail as follows:

- **Z20 Replacement Pipeline:** Replace approximately 3.84 miles of 12-inch 1936-vintage bare steel pipeline with new 20-inch coated steel pipeline in National Fuel's existing right-of-way (ROW) in Potter County;
- **YM59 Mainline Pipeline:** Install approximately 19.48 miles of new 20-inch coated steel pipeline beginning at the east end of the 3.84-mile Z20 Pipeline replacement, traversing Potter, and Tioga counties, and ending at the NFG Midstream Covington, LLC (Midstream) Lee Hill Interconnect;

- Auxiliary Facilities:
 - McCutcheon Hill Over-pressure Protection (OPP) Station: Construct a new OPP station at the interconnection between the eastern terminus of the Z20 Replacement Pipeline and the western terminus of the YM59 Mainline Pipeline in Potter County;
 - Measurement equipment at Midstream's Lee Hill Interconnect: Install gas measurement, gas quality, flow control, OPP devices, a pig launcher, and associated appurtenances (Measurement Facilities) at Midstream's Lee Hill Interconnect to connect the proposed YM59 Mainline Pipeline to Midstream's facilities at the east end of the Project in Chatham Township, Tioga County;
 - Perform minor modifications at National Fuel's existing Ellisburg Compressor Station (CS) including replacing/installing measurement, OPP devices, flow control, and other associated appurtenances in Potter County;
 - Construct one new remote-control valve (RCV) setting at a location along the YM59 Pipeline in Tioga County;
 - Perform modifications to an existing valve setting on the Z20 Replacement Pipeline in Potter County; and
 - Install a new cathodic protection ground bed at a location along the YM59 Pipeline in Tioga County.¹

To support construction activities and operation of the Project, National Fuel estimates that approximately 3.96 miles of temporary access roads (TARs) and 1.76 miles of permanent access roads (PARs) will be used. In addition, three (3) previously used staging areas (Port Allegany Pipe Yard, Harrison Valley Contractor Yard [HV Contractor Yard], and Middlebury Contractor Yard) will be used to store materials and equipment.

Site Location: The location of the proposed Project is shown on the attached United States (U.S.) Geological Survey (USGS) Project Location Map(s).

Municipality/County: The Project is located in the following municipalities and counties:

- Allegany and Harrison Townships, Potter County;
- Brookfield, Westfield, Deerfield, Chatham, and Middlebury Townships, Tioga County; and
- Liberty Township, McKean County.

Section 1905-A of the Commonwealth Administrative Code, as amended by Act 14, requires that each applicant for a DEP permit must give written notice to the municipality(ies) and the county(ies) in which the permitted activity is located. The written notice shall be received by the municipality(ies) and county(ies) at least 30 days before the DEP may issue or deny the permit.

Acts 67 and 68, which amended the Municipalities Planning Code to support sound land use practices and planning efforts, direct state agencies to consider comprehensive plans and zoning ordinances when reviewing applications for permitting of facilities or infrastructure and specify

¹ Two cathodic protection ground bed locations are being considered as potential siting alternatives, but the Project will only require construction of one ground bed.

that state agencies may rely upon comprehensive plans and zoning ordinances under certain conditions as described in Sections 619.2 and 1105 of the Municipal Planning Code. A Chapter 102 Municipal Notification Form and Chapter 105 General Information Form (GIF) for the Project are attached for your reference.

DEP invites you to review the attached information and comment on the land use aspects of this Project; please be specific to DEP when identifying any areas of conflict. If you wish to submit comments for DEP to consider in a land use review of this Project, you must respond within 30 days to the DEP office listed below. If there are no land use comments received by the end of the comment period, DEP will assume that there are no substantive land use conflicts and proceed with the normal application review process.

Please submit any comments concerning this Project within 30 days from date of receipt of this letter to the DEP office listed below:

National Fuel Gas Supply Corporation – Tioga Pathway Project**

Notice of Applications to Pennsylvania DEP:

- **Erosion and Sediment Control Permit for Discharges of Stormwater Associated with Construction Activities**
- **Joint Application for Chapter 105 Water Obstruction/Encroachment Permit and U.S. Army Corps of Engineers Section 404 Permit**
- **Section 401 Water Quality Certification**

Dear Middlebury Township:

This municipal notice, under the requirements of Acts 14, 67, 68, and 127 of the Municipalities Planning Code, is to inform you of our intent to submit the subject permit applications to the Pennsylvania Department of Environmental Protection (DEP) for the following proposed project:

Project Name: Tioga Pathway Project (Project)

Applicant Name: National Fuel Gas Supply Corporation (National Fuel)

Applicant Contact: Lauren McMillan
1100 State Street
Erie, PA 16501
(814) 871-8195

Project Description: National Fuel is proposing to construct and operate the Project and to abandon certain pipeline facilities. The Project is located in Potter, Tioga, and McKean counties, Pennsylvania (PA), and consists of the construction and operation of the following facilities described in more detail as follows:

- **Z20 Replacement Pipeline:** Replace approximately 3.84 miles of 12-inch 1936-vintage bare steel pipeline with new 20-inch coated steel pipeline in National Fuel's existing right-of-way (ROW) in Potter County;
- **YM59 Mainline Pipeline:** Install approximately 19.48 miles of new 20-inch coated steel pipeline beginning at the east end of the 3.84-mile Z20 Pipeline replacement, traversing Potter, and Tioga counties, and ending at the NFG Midstream Covington, LLC (Midstream) Lee Hill Interconnect;

- Auxiliary Facilities:
 - McCutcheon Hill Over-pressure Protection (OPP) Station: Construct a new OPP station at the interconnection between the eastern terminus of the Z20 Replacement Pipeline and the western terminus of the YM59 Mainline Pipeline in Potter County;
 - Measurement equipment at Midstream's Lee Hill Interconnect: Install gas measurement, gas quality, flow control, OPP devices, a pig launcher, and associated appurtenances (Measurement Facilities) at Midstream's Lee Hill Interconnect to connect the proposed YM59 Mainline Pipeline to Midstream's facilities at the east end of the Project in Chatham Township, Tioga County;
 - Perform minor modifications at National Fuel's existing Ellisburg Compressor Station (CS) including replacing/installing measurement, OPP devices, flow control, and other associated appurtenances in Potter County;
 - Construct one new remote-control valve (RCV) setting at a location along the YM59 Pipeline in Tioga County;
 - Perform modifications to an existing valve setting on the Z20 Replacement Pipeline in Potter County; and
 - Install a new cathodic protection ground bed at a location along the YM59 Pipeline in Tioga County.¹

To support construction activities and operation of the Project, National Fuel estimates that approximately 3.96 miles of temporary access roads (TARs) and 1.76 miles of permanent access roads (PARs) will be used. In addition, three (3) previously used staging areas (Port Allegany Pipe Yard, Harrison Valley Contractor Yard [HV Contractor Yard], and Middlebury Contractor Yard) will be used to store materials and equipment.

Site Location: The location of the proposed Project is shown on the attached United States (U.S.) Geological Survey (USGS) Project Location Map(s).

Municipality/County: The Project is located in the following municipalities and counties:

- Allegany and Harrison Townships, Potter County;
- Brookfield, Westfield, Deerfield, Chatham, and Middlebury Townships, Tioga County; and
- Liberty Township, McKean County.

Section 1905-A of the Commonwealth Administrative Code, as amended by Act 14, requires that each applicant for a DEP permit must give written notice to the municipality(ies) and the county(ies) in which the permitted activity is located. The written notice shall be received by the municipality(ies) and county(ies) at least 30 days before the DEP may issue or deny the permit.

Acts 67 and 68, which amended the Municipalities Planning Code to support sound land use practices and planning efforts, direct state agencies to consider comprehensive plans and zoning ordinances when reviewing applications for permitting of facilities or infrastructure and specify

¹ Two cathodic protection ground bed locations are being considered as potential siting alternatives, but the Project will only require construction of one ground bed.

that state agencies may rely upon comprehensive plans and zoning ordinances under certain conditions as described in Sections 619.2 and 1105 of the Municipal Planning Code. A Chapter 102 Municipal Notification Form and Chapter 105 General Information Form (GIF) for the Project are attached for your reference.

DEP invites you to review the attached information and comment on the land use aspects of this Project; please be specific to DEP when identifying any areas of conflict. If you wish to submit comments for DEP to consider in a land use review of this Project, you must respond within 30 days to the DEP office listed below. If there are no land use comments received by the end of the comment period, DEP will assume that there are no substantive land use conflicts and proceed with the normal application review process.

Please submit any comments concerning this Project within 30 days from date of receipt of this letter to the DEP office listed below:

**Subject: Municipal Notice under Acts 14, 67, 68, and 127
National Fuel Gas Supply Corporation – Tioga Pathway Project**

Notice of Applications to Pennsylvania DEP:

- **Erosion and Sediment Control Permit for Discharges of Stormwater Associated with Construction Activities**
- **Joint Application for Chapter 105 Water Obstruction/Encroachment Permit and U.S. Army Corps of Engineers Section 404 Permit**
- **Section 401 Water Quality Certification**

Dear Chatham Township:

This municipal notice, under the requirements of Acts 14, 67, 68, and 127 of the Municipalities Planning Code, is to inform you of our intent to submit the subject permit applications to the Pennsylvania Department of Environmental Protection (DEP) for the following proposed project:

Project Name: Tioga Pathway Project (Project)

Applicant Name: National Fuel Gas Supply Corporation (National Fuel)

Applicant Contact: Lauren McMillan
1100 State Street
Erie, PA 16501
(814) 871-8195

Project Description: National Fuel is proposing to construct and operate the Project and to abandon certain pipeline facilities. The Project is located in Potter, Tioga, and McKean counties, Pennsylvania (PA), and consists of the construction and operation of the following facilities described in more detail as follows:

- **Z20 Replacement Pipeline:** Replace approximately 3.84 miles of 12-inch 1936-vintage bare steel pipeline with new 20-inch coated steel pipeline in National Fuel's existing right-of-way (ROW) in Potter County;
- **YM59 Mainline Pipeline:** Install approximately 19.48 miles of new 20-inch coated steel pipeline beginning at the east end of the 3.84-mile Z20 Pipeline replacement, traversing Potter, and Tioga counties, and ending at the NFG Midstream Covington, LLC (Midstream) Lee Hill Interconnect;

- Auxiliary Facilities:
 - McCutcheon Hill Over-pressure Protection (OPP) Station: Construct a new OPP station at the interconnection between the eastern terminus of the Z20 Replacement Pipeline and the western terminus of the YM59 Mainline Pipeline in Potter County;
 - Measurement equipment at Midstream's Lee Hill Interconnect: Install gas measurement, gas quality, flow control, OPP devices, a pig launcher, and associated appurtenances (Measurement Facilities) at Midstream's Lee Hill Interconnect to connect the proposed YM59 Mainline Pipeline to Midstream's facilities at the east end of the Project in Chatham Township, Tioga County;
 - Perform minor modifications at National Fuel's existing Ellisburg Compressor Station (CS) including replacing/installing measurement, OPP devices, flow control, and other associated appurtenances in Potter County;
 - Construct one new remote-control valve (RCV) setting at a location along the YM59 Pipeline in Tioga County;
 - Perform modifications to an existing valve setting on the Z20 Replacement Pipeline in Potter County; and
 - Install a new cathodic protection ground bed at a location along the YM59 Pipeline in Tioga County.¹

To support construction activities and operation of the Project, National Fuel estimates that approximately 3.96 miles of temporary access roads (TARs) and 1.76 miles of permanent access roads (PARs) will be used. In addition, three (3) previously used staging areas (Port Allegany Pipe Yard, Harrison Valley Contractor Yard [HV Contractor Yard], and Middlebury Contractor Yard) will be used to store materials and equipment.

Site Location: The location of the proposed Project is shown on the attached United States (U.S.) Geological Survey (USGS) Project Location Map(s).

Municipality/County: The Project is located in the following municipalities and counties:

- Allegany and Harrison Townships, Potter County;
- Brookfield, Westfield, Deerfield, Chatham, and Middlebury Townships, Tioga County; and
- Liberty Township, McKean County.

Section 1905-A of the Commonwealth Administrative Code, as amended by Act 14, requires that each applicant for a DEP permit must give written notice to the municipality(ies) and the county(ies) in which the permitted activity is located. The written notice shall be received by the municipality(ies) and county(ies) at least 30 days before the DEP may issue or deny the permit.

Acts 67 and 68, which amended the Municipalities Planning Code to support sound land use practices and planning efforts, direct state agencies to consider comprehensive plans and zoning ordinances when reviewing applications for permitting of facilities or infrastructure and specify

¹ Two cathodic protection ground bed locations are being considered as potential siting alternatives, but the Project will only require construction of one ground bed.

that state agencies may rely upon comprehensive plans and zoning ordinances under certain conditions as described in Sections 619.2 and 1105 of the Municipal Planning Code. A Chapter 102 Municipal Notification Form and Chapter 105 General Information Form (GIF) for the Project are attached for your reference.

DEP invites you to review the attached information and comment on the land use aspects of this Project; please be specific to DEP when identifying any areas of conflict. If you wish to submit comments for DEP to consider in a land use review of this Project, you must respond within 30 days to the DEP office listed below. If there are no land use comments received by the end of the comment period, DEP will assume that there are no substantive land use conflicts and proceed with the normal application review process.

Please submit any comments concerning this Project within 30 days from date of receipt of this letter to the DEP office listed below:

**McKEAN COUNTY AND MUNICIPALITY
AND PROOF OF DELIVERY**

BY CERTIFIED MAIL

October 15, 2024

McKean County Commissioners
500 W. Main Street
Smethport, PA 16749

**Subject: Notice under Acts 14, 67, 68, and 127
National Fuel Gas Supply Corporation – Tioga Pathway Project**

Notice of Applications to Pennsylvania DEP:

- **Erosion and Sediment Control Permit for Discharges of Stormwater Associated with Construction Activities**
- **Joint Application for Chapter 105 Water Obstruction/Encroachment Permit and U.S. Army Corps of Engineers Section 404 Permit**
- **Section 401 Water Quality Certification**

Dear McKean County Commissioners:

This municipal notice, under the requirements of Acts 14, 67, 68, and 127 of the Municipalities Planning Code, is to inform you of our intent to submit the subject permit applications to the Pennsylvania Department of Environmental Protection (DEP) for the following proposed project:

Project Name: Tioga Pathway Project (Project)

Applicant Name: National Fuel Gas Supply Corporation (National Fuel)

Applicant Contact: Lauren McMillan
1100 State Street
Erie, PA 16501
(814) 871-8195

Project Description: National Fuel is proposing to construct and operate the Project and to abandon certain pipeline facilities. The Project is located in Potter, Tioga, and McKean counties, Pennsylvania (PA), and consists of the construction and operation of the following facilities described in more detail as follows:

- **Z20 Replacement Pipeline:** Replace approximately 3.84 miles of 12-inch 1936-vintage bare steel pipeline with new 20-inch coated steel pipeline in National Fuel's existing right-of-way (ROW) in Potter County;
- **YM59 Mainline Pipeline:** Install approximately 19.48 miles of new 20-inch coated steel pipeline beginning at the east end of the 3.84-mile Z20 Pipeline replacement, traversing Potter, and Tioga counties, and ending at the NFG Midstream Covington, LLC (Midstream) Lee Hill Interconnect;

- Auxiliary Facilities:
 - McCutcheon Hill Over-pressure Protection (OPP) Station: Construct a new OPP station at the interconnection between the eastern terminus of the Z20 Replacement Pipeline and the western terminus of the YM59 Mainline Pipeline in Potter County;
 - Measurement equipment at Midstream's Lee Hill Interconnect: Install gas measurement, gas quality, flow control, OPP devices, a pig launcher, and associated appurtenances (Measurement Facilities) at Midstream's Lee Hill Interconnect to connect the proposed YM59 Mainline Pipeline to Midstream's facilities at the east end of the Project in Chatham Township, Tioga County;
 - Perform minor modifications at National Fuel's existing Ellisburg Compressor Station (CS) including replacing/installing measurement, OPP devices, flow control, and other associated appurtenances in Potter County;
 - Construct one new remote-control valve (RCV) setting at a location along the YM59 Pipeline in Tioga County;
 - Perform modifications to an existing valve setting on the Z20 Replacement Pipeline in Potter County; and
 - Install a new cathodic protection ground bed at a location along the YM59 Pipeline in Tioga County.¹

To support construction activities and operation of the Project, National Fuel estimates that approximately 3.96 miles of temporary access roads (TARs) and 1.76 miles of permanent access roads (PARs) will be used. In addition, three (3) previously used staging areas (Port Allegany Pipe Yard, Harrison Valley Contractor Yard [HV Contractor Yard], and Middlebury Contractor Yard) will be used to store materials and equipment.

Site Location: The location of the proposed Project is shown on the attached United States (U.S.) Geological Survey (USGS) Project Location Map(s).

Municipality/County: The Project is located in the following municipalities and counties:

- Allegany and Harrison Townships, Potter County;
- Brookfield, Westfield, Deerfield, Chatham, and Middlebury Townships, Tioga County; and
- Liberty Township, McKean County.

Section 1905-A of the Commonwealth Administrative Code, as amended by Act 14, requires that each applicant for a DEP permit must give written notice to the municipality(ies) and the county(ies) in which the permitted activity is located. The written notice shall be received by the municipality(ies) and county(ies) at least 30 days before the DEP may issue or deny the permit.

Acts 67 and 68, which amended the Municipalities Planning Code to support sound land use practices and planning efforts, direct state agencies to consider comprehensive plans and zoning ordinances when reviewing applications for permitting of facilities or infrastructure and specify

¹ Two cathodic protection ground bed locations are being considered as potential siting alternatives, but the Project will only require construction of one ground bed.

that state agencies may rely upon comprehensive plans and zoning ordinances under certain conditions as described in Sections 619.2 and 1105 of the Municipal Planning Code. A Chapter 102 Municipal Notification Form and Chapter 105 General Information Form (GIF) for the Project are attached for your reference.

DEP invites you to review the attached information and comment on the land use aspects of this Project; please be specific to DEP when identifying any areas of conflict. If you wish to submit comments for DEP to consider in a land use review of this Project, you must respond within 30 days to the DEP office listed below. If there are no land use comments received by the end of the comment period, DEP will assume that there are no substantive land use conflicts and proceed with the normal application review process.

Please submit any comments concerning this Project within 30 days from date of receipt of this letter to the DEP office listed below:

**Subject: Notice under Acts 14, 67, 68, and 127
National Fuel Gas Supply Corporation – Tioga Pathway Project**

Notice of Applications to Pennsylvania DEP:

- **Erosion and Sediment Control Permit for Discharges of Stormwater Associated with Construction Activities**
- **Joint Application for Chapter 105 Water Obstruction/Encroachment Permit and U.S. Army Corps of Engineers Section 404 Permit**
- **Section 401 Water Quality Certification**

Dear Liberty Township:

This municipal notice, under the requirements of Acts 14, 67, 68, and 127 of the Municipalities Planning Code, is to inform you of our intent to submit the subject permit applications to the Pennsylvania Department of Environmental Protection (DEP) for the following proposed project:

Project Name: Tioga Pathway Project (Project)

Applicant Name: National Fuel Gas Supply Corporation (National Fuel)

Applicant Contact: Lauren McMillan
1100 State Street
Erie, PA 16501
(814) 871-8195

Project Description: National Fuel is proposing to construct and operate the Project and to abandon certain pipeline facilities. The Project is located in Potter, Tioga, and McKean counties, Pennsylvania (PA), and consists of the construction and operation of the following facilities described in more detail as follows:

- **Z20 Replacement Pipeline:** Replace approximately 3.84 miles of 12-inch 1936-vintage bare steel pipeline with new 20-inch coated steel pipeline in National Fuel's existing right-of-way (ROW) in Potter County;
- **YM59 Mainline Pipeline:** Install approximately 19.48 miles of new 20-inch coated steel pipeline beginning at the east end of the 3.84-mile Z20 Pipeline replacement, traversing Potter, and Tioga counties, and ending at the NFG Midstream Covington, LLC (Midstream) Lee Hill Interconnect;

- Auxiliary Facilities:
 - McCutcheon Hill Over-pressure Protection (OPP) Station: Construct a new OPP station at the interconnection between the eastern terminus of the Z20 Replacement Pipeline and the western terminus of the YM59 Mainline Pipeline in Potter County;
 - Measurement equipment at Midstream's Lee Hill Interconnect: Install gas measurement, gas quality, flow control, OPP devices, a pig launcher, and associated appurtenances (Measurement Facilities) at Midstream's Lee Hill Interconnect to connect the proposed YM59 Mainline Pipeline to Midstream's facilities at the east end of the Project in Chatham Township, Tioga County;
 - Perform minor modifications at National Fuel's existing Ellisburg Compressor Station (CS) including replacing/installing measurement, OPP devices, flow control, and other associated appurtenances in Potter County;
 - Construct one new remote-control valve (RCV) setting at a location along the YM59 Pipeline in Tioga County;
 - Perform modifications to an existing valve setting on the Z20 Replacement Pipeline in Potter County; and
 - Install a new cathodic protection ground bed at a location along the YM59 Pipeline in Tioga County.¹

To support construction activities and operation of the Project, National Fuel estimates that approximately 3.96 miles of temporary access roads (TARs) and 1.76 miles of permanent access roads (PARs) will be used. In addition, three (3) previously used staging areas (Port Allegany Pipe Yard, Harrison Valley Contractor Yard [HV Contractor Yard], and Middlebury Contractor Yard) will be used to store materials and equipment.

Site Location: The location of the proposed Project is shown on the attached United States (U.S.) Geological Survey (USGS) Project Location Map(s).

Municipality/County: The Project is located in the following municipalities and counties:

- Allegany and Harrison Townships, Potter County;
- Brookfield, Westfield, Deerfield, Chatham, and Middlebury Townships, Tioga County; and
- Liberty Township, McKean County.

Section 1905-A of the Commonwealth Administrative Code, as amended by Act 14, requires that each applicant for a DEP permit must give written notice to the municipality(ies) and the county(ies) in which the permitted activity is located. The written notice shall be received by the municipality(ies) and county(ies) at least 30 days before the DEP may issue or deny the permit.

Acts 67 and 68, which amended the Municipalities Planning Code to support sound land use practices and planning efforts, direct state agencies to consider comprehensive plans and zoning ordinances when reviewing applications for permitting of facilities or infrastructure and specify

¹ Two cathodic protection ground bed locations are being considered as potential siting alternatives, but the Project will only require construction of one ground bed.

that state agencies may rely upon comprehensive plans and zoning ordinances under certain conditions as described in Sections 619.2 and 1105 of the Municipal Planning Code. A Chapter 102 Municipal Notification Form and Chapter 105 General Information Form (GIF) for the Project are attached for your reference.

DEP invites you to review the attached information and comment on the land use aspects of this Project; please be specific to DEP when identifying any areas of conflict. If you wish to submit comments for DEP to consider in a land use review of this Project, you must respond within 30 days to the DEP office listed below. If there are no land use comments received by the end of the comment period, DEP will assume that there are no substantive land use conflicts and proceed with the normal application review process.

Please submit any comments concerning this Project within 30 days from date of receipt of this letter to the DEP office listed below:

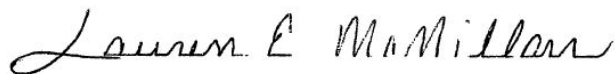

PA Department of Environmental Protection
Regional Permit Coordination Office
400 Market Street
10th Floor Rachel Carson State Office Building
Harrisburg, Pennsylvania, 17101
Email: RA-EPREGIONALPERMIT@pa.gov
Phone: (717) 772-5987

For more information about this land use review process, please visit www.dep.pa.gov, (keyword: Land Use Reviews).

Should you have questions regarding this matter, please do not hesitate to contact Lauren McMillan at (814) 871-8195 or via email at McmillanL@natfuel.com.

Sincerely,

NATIONAL FUEL GAS SUPPLY CORPORATION

Lauren McMillan
