- 4) INCIDENTAL COSTS
- 5) COMMISSION RATE
- 6) COVERAGE LIMITS
- 7) LOAN AND GRANT FUNDING LIMIT
- 8) RESERVES IN LIEU OF REINSURANCE
- 9) PREMIUM DISTRIBUTION
- 10) PROPOSED ACTUARIAL STUDY OF THE COAL AND MINE SUBSIDENCE INSURANCE FUND UPDATE

1) Inflation Factor: This factor is used to calculate the annual inflation protection option that, by law, is offered to subscribers. The factor for Calendar Year 2020 is 0%, because there was deflation in residential building costs of approximately 1.8%, as calculated using the most recent 12 months of data from the US Bureau of Labor Statistics, Producer Price Indexes (PPI), Residential Construction Tables.

	20	20 Inflation F	actor	Calculati	on

	231.7					
	9/01/2018					3

	10 YEAR MSI INFLATION FACTOR HISTORY													
2011	2012	2013	2014	2015	2016	2017	2018	2019	2020					
4.5%	2.2%	3.8%	3.9%	2.0%	0.0%	0.6%	4.1%	7.0%	0% (-1.8%)					

- 2) Premium Rates: No changes are recommended to Residential and Non-Residential premium rates, which are calculated as follows: first \$5,000 @ \$0.0020/dollar and subsequent coverage @ \$0.0005/dollar. Senior citizens receive a 10% discount on their primary residence. (See the attached Rate Chart.)
- 3) Claim Payment Deductibles: No change is recommended to the current deductible, which the Board has established at \$0.
- 4) Incidental Costs: No changes are proposed for the calculations of incidental cost payments. (See attached Incidental Cost Table.)
- 5) Commission Rate: No change is proposed to the commission rate that is used to determine the compensation paid to insurance producers for the sale of MSI policies, which is one half of the first year's premium.
- 6) Coverage Limits: No change is proposed at this time for coverage which is limited to \$500,000 for both residential and non-residential policies.
- 7) Loan and Grant Funding Limit: The limit for FY 2020 shall be \$1,099,997. The "Loan and Grant Funding Limit" formula, as established in 25 Pa. Code Chapter 401, is one percent of the "Unreserved Fund Balance" (0.01 x \$109,999,697). NOTE: For the purpose of this calculation, the "Unreserved Fund Balance" is not reduced by the amount of "Reserves in

Lieu of Reinsurance" as it is in the "Financial Performance" documents provided by the Comptroller's Office. At the time when the "Loan and Grant Funding Limit" formula was developed, the "Unreserved Fund Balance" included the funds that are retained as "Reserves in Lieu of Reinsurance." See the Budget Detail, Attachment 6, for proposed loan and grant spending for FY 2020.

- 8) Reserves in Lieu of Reinsurance: No change is proposed to the range of factors that are used to calculate the amount of reserves to be held in lieu of the purchase of reinsurance. The MSI Board has established that reserve factors within a range of \$4.44 to \$12.95 per \$1,000 of "Underwritten Coverage" be used to maintain "Reserves in Lieu of Reinsurance" at levels that result in "Unreserved Fund Balances" of about \$1 million. Rounded to the nearest penny, the factor used at the end of FY 2018 was \$8.21, which is well within the established range.
- 9) Premium Distribution: A premium distribution is not proposed.
- 10) Proposed Actuarial Study: The Department is seeking to provide an actuarial study of the Coal and Clay Mine Subsidence Insurance (MSI) Fund. Most significantly, the study will evaluate the financial performance of the MSI Fund as it currently operates and make recommendations, as indicated by the study, for changes to premium rates, coverage limits, loss reserves including reserves held in lieu of reinsurance, and the extent coverage (insurable structures, appurtenances and incidental costs) as they are defined in the MSI Insuring Agreement.
