Dear Mr. Garg:

Subject: Request for Extension  
Response to Pennsylvania Department of Environmental Protection Request for  
Additional Information  
Harmony Residual Waste Landfill  
Eagle Environmental II, L.P.  
Chest Township, Clearfield County, Pennsylvania  
CEC Project 060-205

On behalf of Eagle Environmental II, L.P. (Eagle), Civil & Environmental Consultants, Inc. (CEC) is submitting this letter to request Pennsylvania Department of Environmental Protection (DEP) approval to extend the schedule for responding to DEP's September 2, 2008 letter. The DEP's letter requested additional information be submitted regarding mining of coal at the proposed Harmony Residual Waste Landfill and the potential impact on the environmental assessment and harms/benefits evaluation.

Eagle and CEC are currently preparing additional information, to include a bituminous surface mine permit application, and changes to the residual waste permit application drawings and supporting forms/narrative that are needed to incorporate and reflect the proposed mining operations. The time commitment required to prepare these materials is substantial, and Eagle respectively requests the DEP approve a 90-day extension to the submission schedule, such that Eagle's response will be submitted on or before March 2, 2009.

CEC trusts this request for extension is appropriate and will meet with the DEP's approval. If you have any questions or require additional information, please contact Mr. Mark Harlacker at (717) 243-1692 or me at (724) 327-5200.

Very truly yours,

CIVIL & ENVIRONMENTAL CONSULTANTS, INC.
