Dear Mr. Harlacker:

The Department of Environmental Protection (DEP) recently received a letter on your behalf from your consultant, Civil and Environmental Consultants, Inc., requesting an additional 90 days to respond to DEP's September 2, 2008, letter to you regarding the subject facility. DEP's letter had requested additional information be submitted regarding the mining of coal and its impact on the environmental assessment process. Our records indicate you received the September 2, 2008, letter on September 3, 2008. As such, the original 90-day response date was set to expire on December 2, 2008. DEP is granting your request for a 90 day extension to the submission date and is hereby extending the date for your response to March 1, 2009.

If you have any questions regarding this letter, please contact me at 570-327-3752.

Sincerely,

David W. Garg, P.E.
