Good morning,

In follow up to our meeting on Tuesday, attached is a letter containing information on our investigation into the PFAS groundwater contamination in North Centre Township. Please feel free to share this letter in any way you see fit. Additionally, below is information we received from DOH on available fact sheets on their web page as well as contact information for the toxicologist who has been very helpful should any resident have concerns or questions related to potential health effects from exposure to these chemicals.

If you, or any resident, has any further questions or concerns, please do not hesitate to reach out.

Sincerely,
Cheryl

We have recently updated our [DOH PFAS website](#) to include more factsheets that might be relevant to the community. **As always, community members or any PA residents with environmental health questions can contact us:**

Do you have an environmental health concern? Complete the [environmental health concern form](#).
For all other divisional inquiries, please email us at dehe@pa.gov.
