Mr. William Tomayko, Program Manager
Pennsylvania Department of Environmental Protection
Waste Management Program
2 Public Square
Wilkes-Barre, Pennsylvania 18711-0790

Re: Keystone Sanitary Landfill, Inc. PaDEP Waste Management Program Permit No. 101247 Phase III Permit Modification Boroughs of Dunmore and Throop

Dear Mr. Tomayko:

Attached as per the department's request is one (1) original and two (2) copies of the following Forms and supporting documentation for the above noted Phase III Permit Modification Application for the Keystone Sanitary Landfill. This documentation has been submitted to provide additional supplementary information, and to address concerns regarding mine subsidence within the proposed permit limits. The attached documents are as follows;

- Form No.6 Well Abandonment Guidelines
- Form No.7 Waiver Request regarding Pre-Operational Water Level Reading Requirements
- Form D Supplement to the Benefits and Harms evaluation
 Form No.11 Resubmission of Mine Statistics
- Form No.11 Resubmission of Mine Subsidence Investigation

Additionally, our office will provide Dunmore and Throop Boroughs, and Lackawanna County the attached documentation for the requisite municipality review.

If you have any questions, please feel free to contact our office.

Very truly yours.

David J. Osborne, PIE. Vice President/Director of Engineering

DJO/ajm

March 20, 2014

Mr. Joseph Dexter, P.E., Manager Keystone Sanitary Landfill 249 Dunham Drive Dunmore, PA 18512

> Re: Keystone Sanitary Landfill, Inc. PaDEP Waste Management Program Permit No. 101247 Major Permit Modification – Phase III Site Development Boroughs of Dunmore and Throop

Dear Mr. Dexter:

Attached as per your request is one (1) original and three (3) copies of the required PaDEP Forms and supporting documentation for the above noted Major Permit Modification Application for the Phase III Site Development. We have also provided you with two (2) electronic copies of this submission. The scope of this work provides Keystone Sanitary Landfill, Inc. with design and construction drawings for the placement of Municipal Solid Waste for a period of ten (10) years.

Please forward the original, two (2) copies of the Application and one of the electronic copies along with a check in the amount of \$7,800.00 to the Department of Environmental Protection for their review and approval and retain one (1) copy for your files.

If you have any questions, please feel free to contact our office.

Very truly yours,

David J. Osborne, P.E. Vice President/Director of Engineering

Major Modification Checklist

Keystone Sanitary Landfill, Inc. Phase III Site Development

DEPARTMENT OF ENVIRONMENTAL PROTECTION

COMMONWEALTH OF PENNSYLVANIA DEPARTMENT OF ENVIRONMENTAL PROTECTION BUREAU OF WASTE MANAGEMENT

MAJOR MODIFICATION TO A MUNICIPAL WASTE LANDFILL PERMIT OR A RESIDUAL WASTE LANDFILL OR IMPOUNDMENT PERMIT

This checklist is to assist the Department and the Applicant in assuring that all the forms, notices, documentation and fees required for an application for a major modification to a municipal waste landfill permit or a residual waste landfill or impoundment permit have been addressed. This checklist should be signed by the Applicant and submitted to the Department as part of the application package. Failure to do so may cause the application to be administratively incomplete and ineligible for Permit Decision Guarantee (PDG).¹

This checklist will be utilized by the Department and Applicant during the pre-application meeting to indicate the forms which must be included in the application. The Department will check the appropriate box in the first two columns to indicate the forms required ("Req") or not applicable ("N/A"). The Applicant will then ensure the required forms are included in the application by checking the corresponding box in the third column.

In cases where no pre-application meeting is held, the Applicant will indicate what forms are included in the application by checking the appropriate boxes in the third column.

The most current version of the forms found on the Department's online eLibrary should be utilized.

Standard Permit Forms

DISCLAIMER: The process and procedures outlined in this Checklist are intended to supplement existing requirements. Nothing in the Checklist shall affect regulatory requirements.

The process, procedures and interpretations herein are not an adjudication or a regulation. There is no intent on the part of DEP to give the rules in this Checklist that weight or deference. This document establishes the framework within which DEP will exercise its administrative discretion in the future. DEP reserves the discretion to deviate from this policy statement if circumstances warrant.

DEP reserves the right to supplement the list of forms included on this Checklist at any time during the permit review process. This Checklist should not be construed as an exhaustive list of forms to be submitted by the Applicant.

²Either Form C1 OR Form HW-C should be submitted depending on the modification requested.

COORDINATION INFORMATION

<u>Note</u>: The PA Historical and Museum Commission must be notified of proposed projects in accordance with DEP Technical Guidance Document 012-0700-001 and the accompanying Cultural Resource Notice Form.

If the activity will be a mining project (i.e., mining of coal or industrial minerals, coal refuse disposal and/or the operation of a coal or industrial minerals preparation/processing facility), respond to questions 1.0 through 2.5 below.

If the activity will not be a mining project, skip questions 1.0 through 2.5 and begin with question 3.0.

1.0	Is this a coal mining project? If "Yes", respond to 1.1-1.6. If "No", skip to Question 2.0.	Yes	\boxtimes	No
1.1	Will this coal mining project involve coal preparation/ processing activities in which the total amount of coal prepared/processed will be equal to or greater than 200 tons/day?	Yes		No
1.2	Will this coal mining project involve coal preparation/ processing activities in which the total amount of coal prepared/processed will be greater than 50,000 tons/year?	Yes		No
1.3	Will this coal mining project involve coal preparation/ processing activities in which thermal coal dryers or pneumatic coal cleaners will be used?	Yes		No
1.4	For this coal mining project, will sewage treatment facilities be constructed and treated waste water discharged to surface waters?	Yes		No
1.5	Will this coal mining project involve the construction of a permanent impoundment meeting one or more of the following criteria: (1) a contributory drainage area exceeding 100 acres; (2) a depth of water measured by the upstream toe of the dam at maximum storage elevation exceeding 15 feet; (3) an impounding capacity at maximum storage elevation exceeding 50 acre-feet?	Yes		No
1.6	Will this coal mining project involve underground coal mining to be conducted within 500 feet of an oil or gas well?	Yes		No
2.0	Is this a non-coal (industrial minerals) mining project? If "Yes", respond to 2.1-2.6. If "No", skip to Question 3.0.	Yes	\boxtimes	No
2.1	Will this non-coal (industrial minerals) mining project involve the crushing and screening of non-coal minerals other than sand and gravel?	Yes		No
2.2	Will this non-coal (industrial minerals) mining project involve the crushing and/or screening of sand and gravel with the exception of wet sand and gravel operations (screening only) and dry sand and gravel operations with a capacity of less than 150 tons/hour of unconsolidated materials?	Yes		No
2.3	Will this non-coal (industrial minerals) mining project involve the construction, operation and/or modification of a portable non-metallic (i.e., non-coal) minerals processing plant under the authority of the General Permit for Portable Non-metallic Mineral Processing Plants (i.e., BAQ-PGPA/GP-3)?	Yes		No
2.4	For this non-coal (industrial minerals) mining project, will sewage treatment facilities be constructed and treated waste water discharged to surface waters?	Yes		No
2.5	Will this non-coal (industrial minerals) mining project involve the construction of a permanent impoundment meeting one or more of the following criteria: (1) a contributory drainage area exceeding 100 acres; (2) a depth of water measured by the upstream toe of the dam at maximum storage elevation exceeding 15 feet; (3) an impounding capacity at maximum storage elevation exceeding 50 acre-feet?	Yes		No

3.0	Will your project, activity, or authorization have anything to do with a well related to oil or gas production, have construction within 200 feet of, affect an oil or gas well, involve the waste from such a well, or string power lines above an oil or gas well? If "Yes", respond to 3.1-3.3. If "No",		Yes		No
3.1	skip to Question 4.0. Does the oil- or gas-related project involve any of the following: placement of fill, excavation within or placement of a structure, located in, along, across or projecting into a watercourse, floodway or body of		Yes		No
3.2	water (including wetlands)? Will the oil- or gas-related project involve discharge of industrial wastewater or stormwater to a dry swale, surface water, ground water or an existing sanitary sewer system or storm water system? If "Yes", discuss in <i>Project Description</i> .		Yes		No
3.3	Will the oil- or gas-related project involve the construction and operation of industrial waste treatment facilities?		Yes		No
4.0	Will the project involve a construction activity that results in earthdisturbance? If "Yes", specify the total disturbed acreage.4.0.1Total Disturbed Acreage435 +/- acres	\boxtimes	Yes		No
5.0	Does the project involve any of the following? If "Yes", respond to 5.1-5.3. If "No", skip to Question 6.0.		Yes	\boxtimes	No
5.1	Water Obstruction and Encroachment Projects – Does the project involve any of the following: placement of fill, excavation within or placement of a structure, located in, along, across or projecting into a watercourse, floodway or body of water?		Yes		No
5.2	Wetland Impacts – Does the project involve any of the following: placement of fill, excavation within or placement of a structure, located in, along, across or projecting into a wetland?		Yes		No
5.3	Floodplain Projects by the commonwealth, a Political Subdivision of the commonwealth or a Public Utility – Does the project involve any of the following: placement of fill, excavation within or placement of a structure, located in, along, across or projecting into a floodplain?		Yes		No
6.0	Will the project involve discharge of stormwater or wastewater from an industrial activity to a dry swale, surface water, ground water or an existing sanitary sewer system or separate storm water system?		Yes		No
7.0	Will the project involve the construction and operation of industrial waste treatment facilities?		Yes	\boxtimes	No
8.0	 Will the project involve construction of sewage treatment facilities, sanitary sewers, or sewage pumping stations? If "Yes", indicate estimated proposed flow (gal/day). Also, discuss the sanitary sewer pipe sizes and the number of pumping stations/treatment facilities/name of downstream sewage facilities in the <i>Project Description</i>, where applicable. 8.0.1 Estimated Proposed Flow (gal/day) 		Yes		No
9.0	Will the project involve the subdivision of land, or the generation of 800 gpd or more of sewage on an existing parcel of land or the generation of an additional 400 gpd of sewage on an already-developed parcel, or the generation of 800 gpd or more of industrial wastewater that would be discharged to an existing sanitary sewer system?		Yes		No
	9.0.1 Was Act 537 sewage facilities planning submitted and approved by DEP? If "Yes" attach the approval letter. Approval required prior to 105/NPDES approval.		Yes		No
10.0	Is this project for the beneficial use of biosolids for land application within Pennsylvania? If "Yes" indicate how much (i.e. gallons or dry tons per year). 10.0.1 Gallons Per Year (residential septage) 10.0.2 Dry Tons Per Year (biosolids)		Yes		No
	Does the project involve construction, modification or removal of a dam?	\boxtimes	Yes		No

12.0	Will the project interfere with the flow from, or otherwise impact, a dam? If "Yes", identify the dam.	\boxtimes	Yes		No
10.0	12.0.1 Dam Name Basin #3 on site		Var		N -
13.0	 Will the project involve operations (excluding during the construction period) that produce air emissions (i.e., NOX, VOC, etc.)? If "Yes", identify each type of emission followed by the amount of that emission. 13.0.1 Enter all types & amounts Refer to Form D of emissions; separate each set with semicolons. 		Yes		No
14.0	Does the project include the construction or modification of a drinking		Yes	\boxtimes	No
	water supply to serve 15 or more connections or 25 or more people, at				
	least 60 days out of the year? If "Yes", check all proposed sub-facilities.				
	14.0.1 Number of Persons Served				
	14.0.2 Number of Employee/Guests				
	14.0.3 Number of Connections				
	14.0.4 Sub-Fac: Distribution System		Yes		No
	14.0.5 Sub-Fac: Water Treatment Plant		Yes		No
	14.0.6 Sub-Fac: Source		Yes		No
	14.0.7 Sub-Fac: Pump Station		Yes		No
	14.0.8 Sub Fac: Transmission Main		Yes		No
	14.0.9 Sub-Fac: Storage Facility		Yes		No
15.0	Will your project include infiltration of storm water or waste water to		Yes	\boxtimes	No
	ground water within one-half mile of a public water supply well, spring or infiltration gallery?				
16.0	Is your project to be served by an existing public water supply? If "Yes",	\boxtimes	Yes		No
	indicate name of supplier and attach letter from supplier stating that it will				
	serve the project.				
	16.0.1 Supplier's Name PAWC - Existing Connection				
	16.0.2 Letter of Approval from Supplier is Attached		Yes		No
17.0	Will this project involve a new or increased drinking water withdrawal		Yes	\boxtimes	No
	from a stream or other water body? If "Yes", should reference both Water				
	Supply and Watershed Management.				
	17.0.1 Stream Name				
18.0	Will the construction or operation of this project involve treatment,	\boxtimes	Yes		No
	storage, reuse, or disposal of waste? If "Yes", indicate what type (i.e.,				
	hazardous, municipal (including infectious & chemotherapeutic), residual) and				
	the amount to be treated, stored, re-used or disposed.				
	18.0.1 Type & Amount 125,000,000 +/- Tons Municipal Waste				
19.0	Will your project involve the removal of coal, minerals, etc. as part of any earth disturbance activities?		Yes	\boxtimes	No
20.0	Does your project involve installation of a field constructed underground	Π	Yes	\boxtimes	No
20.0	storage tank? If "Yes", list each Substance & its Capacity. <u>Note</u> : Applicant		100		110
	may need a Storage Tank Site Specific Installation Permit.				
	20.0.1 Enter all substances &				
	capacity of each; separate				
	each set with semicolons.				
21.0	Does your project involve installation of an aboveground storage tank		Yes	\boxtimes	No
•	greater than 21,000 gallons capacity at an existing facility? If "Yes", list	<u> </u>		لالله	
	each Substance & its Capacity. Note: Applicant may need a Storage Tank				
	Site Specific Installation Permit.				
	21.0.1 Enter all substances &				
	capacity of each; separate				

22.0	Does your project involve installation of a tank greater than 1,100 gallons		Yes	\boxtimes	No
	which will contain a highly hazardous substance as defined in DEP's				
	Regulated Substances List, 2570-BK-DEP2724? If "Yes", list each				
	Substance & its Capacity. Note: Applicant may need a Storage Tank Site				
	Specific Installation Permit.				
	22.0.1 Enter all substances &				
	capacity of each; separate				
	each set with semicolons.				
23.0	Does your project involve installation of a storage tank at a new facility		Yes	X	No
	with a total AST capacity greater than 21,000 gallons? If "Yes", list each				
	Substance & its Capacity. Note: Applicant may need a Storage Tank Site				
	Specific Installation Permit.				
	23.0.1 Enter all substances &				
	capacity of each; separate				
	each set with semicolons.				
24.0	Will the intended activity involve the use of a radiation source?		Yes	X	No

Celebrating 40 Years of Engineering Excellence Relationships • Resources • Results Proud to be American

PUBLIC NOTICE

Keystone Sanitary Landfill, Inc. P.O. Box 249, Dunham Drive, Dunmore, Pennsylvania 18512, has submitted an Application for a Major Permit Modification of Permit No. 101247 to the Pennsylvania Department of Environmental Protection, Bureau of Solid Waste Management, 2 Public Square, Wilkes-Barre, Pennsylvania 18711-0790.

The scope of the Major Permit Modification is the Phase III Site Development, which will consist of a 435 acre double lined municipal solid waste disposal sanitary landfill and related support stormwater, wastewater, and gas management facilities. The Phase III Site Development will be centralized on the property included in the PaDEP Permit No. 101247 in the Boroughs of Dunmore and Throop, Lackawanna County. The Phase III Site Development is predicated upon providing continuous service to the present customer base of Keystone Sanitary Landfill. Accordingly, the Phase III Site Application does not contain a request to increase the present average daily, nor maximum daily tonnage of municipal solid waste.

Copies of the Phase III Site Development Application will be available at the following locations:

Dunmore Borough 400 South Blakely Street Dunmore, PA 18512

Throop Borough Sanderson and Charles Streets Throop, PA 18512

Lackawanna County Planning Commission Lackawanna County Gateway Center 135 Jefferson Avenue Scranton, PA 18503

Comments from the host Municipalities, host County and the public may be submitted to the Pennsylvania Department of Environmental Protection, Bureau of Solid Waste Management, 2 Public Square, Wilkes-Barre, Pennsylvania 18711-0790. The phone number of the PaDEP Wilkes-Barre Office is (570) 826-2511. Comments must be received by PaDEP within sixty (60) days of notification recommending conditions upon, revisions to, and approval or disapproval of the Phase III Site Development, including specific reasons described in the comments.

FORM C1 COMPLIANCE HISTORY CERTIFICATION

This form must be fully and accurately completed. All required information must be typed or legibly printed in the spaces provided herein. Improperly completed forms may be rejected by the Department, may be considered to be violations of the Department's Rules and Regulations, and may result in assessment of fines and penalties.

Instructions:

If your last Form HW-C does not require to be amended, execute the certification Form C1 Compliance History Certification (2540-PM-BWM0351 Rev. 9/2013) indicating that the Form HW-C, on file is complete and current. Be sure the form is properly signed, sealed, and notarized. Please note that the date on the certification Form C1 must be the date the HW-C, on file, was notarized.

If the applicant, permittee, or licensee ("application") is a corporation, this form must be signed by two corporate officers (a president or vice-president and a secretary or treasurer) authorized to execute the form or by one corporate officer and one corporate employee in Pennsylvania with sufficient authority over the solid waste management activity being licensed or permitted to execute this form on behalf of the corporation. ATTACH A COPY OF THE ARTICLES OF INCORPORATION OF THE APPLICANT.

SECTION A. APPLICANT IDENTIFIER

Facility Name: Keystone Sanitary Landfill, Inc.

SECTION B. CERTIFICATION

This is to certify that no changes, additions, or other supplemental data are required to amend the most recent form HW-C, Compliance History dated <u>2/22/2006</u> and submitted to the Pennsylvania Department of Environmental Protection by <u>Keystone Sanitary Landfill, Inc.</u>, which amendments would update and make current and complete all the formation provided therein. The Compliance History now in the Department's possession reflects the Company's current status of officers, corporate structure as applicable, and compliance with environmental laws and regulations, and there are no instances of unlawful conduct as defined by the Pennsylvania Solid Waste Management Act of July 7, 1980 (35 P.S. §6018.610) that have not been corrected to the satisfaction of the Department.
