Re: No Planning Needed for Land Development Letter
Act 537 Planning
Homer City Energy Campus Development
DEP Code No M6-26-175
Center Township, Indiana County
Black Lick Township, Indiana County

Dear Gentlemen:

This letter is in reference to your application for Sewage Facilities Planning Modules for the Homer City Energy Campus. The project is located in Center Township and Black Lick Township, Indiana County.

This project does not meet the definition of a subdivision under the Pennsylvania Sewage Facilities Act. Therefore, no planning modules are required to be submitted to the Department of Environmental Protection (DEP) for the proposed relocation of approximately 2,700 LF of 8" sewer line. Should the scope of the project change, planning may be required. Any proposed future development will require the submission of a subsequent application mailer to determine if planning is needed at that time.

If you have any questions concerning the information required, please contact me at 814.332.6643 or cselby@pa.gov.

Sincerely,

Cynthia A. Selby
