Good afternoon, Ms. Silva.

I'm writing on behalf of Heidelberg Township, Lebanon County, regarding your recent correspondence requesting compliance letters for stormwater management and floodplain regulations.

The information received from you only included a letter. We have not received plans and activity designation for your encroachments in Heidelberg Township, as we have in other municipalities we represent along the pipeline route.

Please forward the supplemental and support information for the Heidelberg Township locations. Upon receipt, we will review the information and respond with the appropriate compliance correspondence.

Should you have any questions or need additional information, please feel free to contact me.

Bob

Respectfully,
Robert J. Lynn, PE
Vice President of Municipal Engineering
