To whom this may concern,

I am a neighbor of SGI on one of the neighboring ridges. I am a devout trout fisherman and believe in protecting our most valuable resource, WATER. We cannot survive without clean water. I have lived on Mt. Hope area for 40 years and have watch the ridge disappear slowly. I know you give lots of jobs to locals and believe you should be more concerned about our future. Pollution starts here and trickles down to the Chesapeake Bay. I am a member of many conservation groups and many are involved in protecting this area. Please don't let greed take away the scenic and valuable area this is. I have seen property values drop because of this and some just move away.

Thank you for your time,

Jack Handshaw
