RE: Adelpia Gateway Project LLC- Tilghman and Parkway Lateral- Phase 2A  
Erosion and Sediment Control General Permit (ESCGP-3)  
JMT Job No. 18-00672-06A

Dear Mr. Smith:

Johnson, Mirmiran & Thompson (JMT) is pleased to submit the Erosion and Sediment Control General Permit for the Tilghman and Parkway Lateral- Phase 2A. This phase encompassed a segment on Ridge Rd (SR 3006) in Lower Chichester, PA. The limits of work is from the Transco Meter Station (included in Phase 1) to the Delaware State Line. The scope of work includes installation of a 16" pipeline using open cut trenching and horizontal directional drill (HDD). Please note that Adelpia Gateway Project LLC- Phase 1 permit application and supporting documentation included Phase 2A in DRAFT format and it was included in the project area and total project disturbance.

Please note, due to the COVID-19 pandemic and the statewide restrictions on non-life sustaining businesses this submission is being issued electronically. For your review, we have uploaded the following documents:

- Notice of Intent for ESCGP-3 for Adelpia Gateway Project- Tilghman and Parkway Lateral Phase 2A, signed and notarized, with completed Checklist
- Adelpia Gateway Project, Tilghman and Parkway Lateral- Phase 2A, E&SC and Site Restoration Plans dated 5/22/20 (11 sheets)
- Erosion and Sediment Control Report, Adelpia Gateway Project- Tilghman and Parkway Lateral Phase 2A, dated May 2020
- Post Construction Stormwater Report, Adelpia Gateway Project- Tilghman and Parkway Lateral Phase 2A, dated May 2020
- Act 14 Notification Letters with Proof of Receipt for Delaware County and Lower Chichester Township dated 3/18/19
- Pennsylvania Natural Diversity Inventory Receipt dated 4/4/20 and associated clearance letters
- HDD Design and Constructability Review Report dated 8/26/19 prepared by Laney
- Inadvertent Release Contingency Plan dated 5/2020 prepared by NV5
- PHMC Response Letter to Phase 1 Archaeological Survey for Tilghman Lateral dated July, 2019.
- Preparedness, Prevention, and Contingency Plan dated May 2020 prepared by NV5
- Resource Delineation Report Letter for Phase 2A dated 5/22/20 prepared by NV5

If you have any questions or need further information, please do not hesitate to contact me at 610-496-4780 or [smathew@jmt.com](mailto:smathew@jmt.com).

Very truly yours,

JOHNSON, MIRMIRAN & THOMPSON, INC.
