AUTHORIZATION

The Commonwealth of Pennsylvania, Department of Environmental Protection ("DEP"), hereby issues this Site Specific Installation Permit to the above-named Permittee and Facility, for the tanks:

One AST storing aqueous ammonia

Capacity: 35,000 gallons

The Department issues this Permit pursuant to authority granted it in the Storage Tank and Spill Prevention Act, The Act of July 6, 1989, P.L. 169, *as amended*, 35 P.S. § 6021.101 *et seq.* ("Storage Tank Act").

The Permittee is required to follow all requirements imposed by the Storage Tank Act, 35 P.S. § 6021.101 *et seq.*, the Storage Tank regulations, 25 Pa. Code, Chapter 245, and other statutes and regulations administered and enforced by the Department. The installation of new tanks must be completed by a DEP certified installer. The Permittee must also register the tanks and receive an operating permit prior to operating the tanks described above.

This Permit is issued pursuant to the application filed by the Permittee. All maps, reports, assessments and supporting documents submitted as part of the application process are incorporated by reference into, and become enforceable with this Permit. The Permittee may not deviate from the information set forth in the application for this Permit, without first obtaining the written approval of the Department.

This Permit is subject to the following Special Condition: None
