Re: Rock Hill Quarry Naturally Occurring Asbestos Sampling  
SMP No. 7974SM1  
East Rockhill Township  
Bucks County

Dear Mr. Gutshall:

On September 20, 2019, the Department sent a letter requesting additional testing and analysis for asbestos in aggregate and water at the Rock Hill quarry. To date, the Department has not received the information requested. The following information is required for the Department to evaluate the environmental, health and safety risks at the Rock Hill quarry:

1. Please conduct Transmission Electron Microscopy using EPA method 600/R-93/116 (or equivalent) analysis for asbestos on all rock samples collected at the Rock Hill quarry.
2. Please prepare suitable samples for petrographic analysis.
3. Please resample at all the water sampling locations using EPA method 100.1.

This information is due to the Pottsville Office by January 20, 2020.

Sincerely,

A handwritten signature in black ink that reads "Gary A. Latsha".

Gary A. Latsha
