**RE: Cecil Township Industrial Sites Reuse Grant
Environmental Assessment of Muse-Bishop Road Site**

Dear Ms. McDaniel,

Cecil Township recently submitted a letter of intent to the Pennsylvania Department of Community and Economic Development (DCED) to apply for an Industrial Sites Reuse Program (ISRP) grant to conduct environment assessment activities at 288 Muse-Bishop Road (Property). DCED has reviewed the letter of intent and has invited Cecil Township to apply for grant funding. The letter of intent is attached as Exhibit 1.

DCED requires Cecil Township to include with its grant application 1) a letter from your office approving the proposed scope of work to be performed and 2) a copy of the scope of work approved by your office.

Attached as Exhibit 2 is the scope of work to be performed by the Township's environmental consultant, American Geosciences, Inc. (AGI). Attached as Exhibit 3 is Cecil Township's draft application for ISRP grant funds. We would appreciate your review and approval of these documents. Please feel free to contact myself, or either David Perry or Bruce Shaw of AGI, with any questions regarding the scope of work. AGI can be reached at 724-733-7000.

Very truly yours,

TUCKER ARENSBERG, P.C.

David J. Mongillo, Esq.
