Dear Alex Sulkowski

Pursuant to 25 Pa. Code Section 273.232(b)(5), the daily cover shall be consistent with the waste acceptance plan for the facility. The submitted response does not contain any documentation proving that the proposed ADCs are consistent with the waste acceptance plan. For each ADC material proposed, please provide a copy of the section of the approved waste acceptance plan or a copy of a permit condition which confirms that the facility is authorized to accept the waste material. The documentation should be specific to each material. Statement such as "WSLF believes the material is consistent with its waste acceptance plan" is not verifiable and cannot be accepted by the Department.

If you have any questions please contact me.

Thanks
Ihab

Ihab, Bill,

We are ready to resubmit the technical deficiency response discussed below. However, we are unable to respond via OnBase without a PIN. Can a PIN be provided for this response? Thanks
