Subject: Westmoreland Sanitary Landfill  
Air Quality Plan Approval (65-00767C)  
Additional Information Deficiency Response – Extension Request  
Rostraver Township, Westmoreland County, Pennsylvania  
PADEP Permit No. 100277  
Civil Design Solutions Project 2020-040

Civil Design Solutions, Inc. (Design Solutions) is submitting this Extension Request for the response to the PADEP May 7, 2021 Additional Information Deficiency Response Letter regarding the Air Plan Approval Application for the Westmoreland Sanitary Landfill, LLC. – Westmoreland Sanitary Landfill (WSL) facility located in Rostraver Township, Westmoreland County, Pennsylvania.

During a telephone call with the PADEP on June 8, 2021 it was mutually decided that air dispersion modeling would be performed to assist with addressing some of the comments presented in the May 7, 2021 PADEP letter. The dispersion modeling protocol was submitted to the PADEP on June 25, 2021 for review and approval. Once the modeling protocol is approved, the dispersion modeling will be performed and an appropriate response to the May 7, 2021 PADEP letter will be submitted. The Response to the May 7, 2021 PADEP letter is currently due on July 6, 2021. Considering the timeframe for the PADEP to review and approve the protocol as well as the time to complete the dispersion modeling, WSL is requesting a 60-day extension to the response timeline.

If you have any additional questions concerning Extension Request to the Response for the Air Plan Approval Application, please do not hesitate to contact Mr. Rich Walton of Sanitary Landfill, at (610) 698-9291 or our office at (412) 299-2700.

Sincerely,  
Civil Design Solutions, Inc.
