Mr. Ryan Davis  
Merrion Oil & Gas  
610 Reilly Avenue  
Farmington, New Mexico 87401

Subject: N.P.D.E.S. Permit – Merrion No. PAD 0200114 – Storm  
Sewer System (MS4) Coordination

Dear Mr. Davis:

The purpose of this correspondence is to inform you that as Engineers for North Braddock Borough and East Pittsburgh Borough, our office has reviewed your Storm Water Management Design for coordination with North Braddock Borough's Storm Sewer System and East Pittsburgh Borough's Storm Sewer System. The Storm Sewer System at the point of coordination is a municipal separate storm system (MS4) and the Merrion Oil & Gas proposed design is in coordination with both municipalities' Storm Sewer Systems and will not have a negative impact on the municipal system.

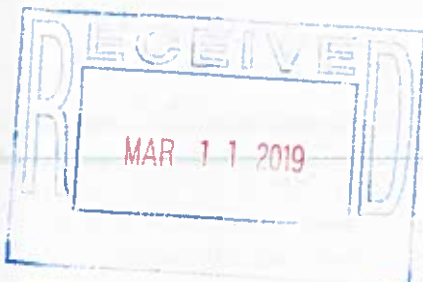

If you need any additional information please don't hesitate to contact me at 412-824-5672 ext. 107 or via email at [adamp@glennengr.com](mailto:adamp@glennengr.com).

Very truly yours,  
GLENN ENGINEERING AND ASSOCIATES, LIMITED

Adam J. Prince B.S.

c: Douglas Marguriet – Borough Manager - North Braddock  
c: Eileen Navish – Borough Secretary - East Pittsburgh
