Dear Mr. Bologna:

On October 27, 2017, Robinson Power Company, LLC (Robinson) was issued plan approval No. 63-00922D authorizing the construction of a natural gas-fired combined cycle power plant in Robinson Township, Washington County, which will expire on October 27, 2020. On October 2, 2020, the Department received notification that construction had commenced, but an extension is necessary to complete construction of all equipment authorized under the plan approval.

In accordance with PA-63-00922D, Section B, Condition #006(b) and 25 Pa. Code §127.13, the Department approves the extension request for up 18-months, expiring on March 28, 2022.

Please feel free to contact me at asandy@pa.gov if you have any questions or require additional information.

Sincerely,

Alexander Sandy/AS
