Subject: Sanitary Landfill – Minor Permit Modification Application
PPC / SPCC and Operations Plan
Rostraver Township, Westmoreland County, Pennsylvania
PADEP Permit No. 100277
Civil Design Solutions Project 2021-099

Civil Design Solutions, Inc. (Design Solutions) is pleased to present this Minor Permit Modification Application for the Westmoreland Sanitary Landfill, LLC. – Sanitary Landfill facility located in Rostraver Township, Westmoreland County, Pennsylvania. This Minor Permit Modification presents updated PPC and SPCC Plans in accordance with the Revised Corrective Action Plan approved by the PADEP on March 4, 2021.

Additionally, A complete copy of the Form 14 previously submitted on January 29, 2021 and approved for implementation by the PADEP on March 4, 2021 is included here. The Form 14 has also been updated to propose the beneficial use of biosolids as a supplement to intermediate and final cover soil for establishment of vegetative cover. This proposed improvement will enhance the vegetative growth of the landfill surface, thereby reducing stormwater runoff on final cover surfaces and potentially reducing leachate generation in intermediate cover areas. Track changes are utilized to show any changes which have been made to the Form 14 from the version approved by the PADEP on March 4, 2021.

If you have any questions concerning this Minor Permit Modification, please do not hesitate to contact Mr. Rich Walton of Sanitary Landfill, at (610) 698-9291 or our office at (412) 299-2700.

Sincerely,
Civil Design Solutions, Inc.
