GENERAL PERMIT WMGR151

**BENEFICIAL USE OF SCREENINGS FROM THE PROCESSING OF
CONSTRUCTION AND DEMOLITION WASTE FOR BENEFICIAL
USE AND INDUSTRIAL WOOD BASE WASTE AS A BULKING
AGENT**

Issued: March 15, 2026

Expires: March 15, 2036

GENERAL PERMIT NO. WMGR151

BENEFICIAL USE OF SCREENINGS FROM THE PROCESSING OF
CONSTRUCTION AND DEMOLITION WASTE FOR BENEFICIAL USE AND
INDUSTRIAL WOOD BASE WASTE AS A BULKING AGENT

A. Description:

This general permit authorizes the beneficial use of screenings from the processing of construction and demolition waste for beneficial use and industrial wood base waste for use as a waste bulking agent prior to disposal of the bulked waste by landfilling or incineration.

The facility producing the screenings must possess all needed permits from the Department or appropriate agency from the location of the facility for processing construction and demolition waste and industrial wood base waste.

B. Determination of Applicability Requirements:

A person or municipality that proposes to operate under the terms and conditions of this general permit after the date of permit issuance must obtain a "Determination of Applicability" ("DOA") from the appropriate Department Regional Office (see attached list) prior to commencing authorized activities under this general permit. A completed application on forms provided by the Department and the application fee may be submitted electronically through the Department's Public Upload with Electronic Payment website at:

<https://www.dep.pa.gov/DataandTools/ElectronicSubmissions/Pages/default.aspx>.

If an alternative method of submittal of the application and application fee is necessary, the appropriate Department Regional Office should be contacted for further instructions. No activities shall commence unless approved, in writing, by the Department.

C. Operating Conditions:

1. The screenings shall not be provided for beneficial use unless:
 - a. The screenings are predominantly wood base materials.
 - b. The screenings will pass through a screen with 3/8 inch openings.
 - c. The end user provides information that indicates the screening will satisfy the acceptance criteria at the landfill or incinerator where the bulked waste will be disposed.
2. Upon cessation of permitted operations at the facility, the permittee shall assure removal of all wastes and provide for the processing, recycling, beneficial use, or disposal of wastes in accordance with the SWMA, the environmental protection acts and the regulations promulgated thereunder.

GENERAL PERMIT NO. WMGR151

BENEFICIAL USE OF SCREENINGS FROM THE PROCESSING OF
CONSTRUCTION AND DEMOLITION WASTE FOR BENEFICIAL USE AND
INDUSTRIAL WOOD BASE WASTE AS A BULKING AGENT

3. The local police, fire department, or other appropriate state or local emergency response agencies shall be contacted immediately in the event of a fire, spill, or other hazard arising from the storage and curing of produced compost that threatens public health, safety, and welfare, or the environment, and whenever necessary in the event of personal injury related to such storage.
4. The permittee shall develop and implement a Preparedness, Prevention and Contingency Plan (PPC) that is consistent with the Department's most recent guidelines.
5. All activities conducted under the authorization granted in this permit shall be conducted in accordance with the permittee's application. Except to the extent the permit states otherwise, the permittee shall utilize materials as described in the permit application.
6. The permittee shall comply with the fugitive emissions regulations under 25 Pa. Code, Chapter 123 (relating to standards for contaminants) issued under the Air Pollution Control Act, the Act of January 8, 1960, P.L. 2119, 35 P.S. §4005, and shall comply with all the applicable provisions of 25 Pa. Code §§123.1 and 123.2 (relating to prohibition of certain fugitive emissions and fugitive particulate matter).
7. Nothing in this permit shall be construed to supersede, amend, or authorize a violation of any of the provisions of any valid and applicable local law, ordinance, or regulation, providing that said local law, ordinance, or regulation is not preempted by the Solid Waste Management Act (SWMA), 35 P.S. §§ 6018.101—6018.1001; and the Municipal Waste Planning, Recycling and Waste Reduction Act of 1988, 53 P.S. §§4000.101, et seq.
8. As a condition of this general permit and of the permittee's authority to conduct the activities authorized by this general permit, the permittee hereby authorizes and consents to allow authorized employees or agents of the Department, without advance notice or search warrant, upon presentation of appropriate credentials and without delay, to have access to and inspect all areas on which solid waste management activities are being, will be, or have been conducted. This authorization and consent shall include consent to collect samples of waste, soils, water, or gases; take photographs; perform measurements, surveys, and other tests; inspect any monitoring equipment; inspect the methods of operation and inspect and/or copy documents, books, and papers required by the Department to be maintained. This permit condition is referenced in accordance with Sections 6018.608 and 6018.610(7) of the SWMA, 35 P.S. §§ 6018.608 and 6018.610(7). This condition in no way limits any other powers granted under the SWMA.
9. Any independent contractors or agents retained by the permittee in the completion of activities authorized under this general permit shall be subject to

GENERAL PERMIT NO. WMGR151

BENEFICIAL USE OF SCREENINGS FROM THE PROCESSING OF
CONSTRUCTION AND DEMOLITION WASTE FOR BENEFICIAL USE AND
INDUSTRIAL WOOD BASE WASTE AS A BULKING AGENT

compliance history review by the Department prior to performance of any activities, as specified by the SWMA.

10. Failure of measures herein approved to perform as intended, or as designed, or in compliance with the applicable laws, rules, and regulations and terms and conditions of this permit, for any reason, shall be grounds for the revocation or suspension of the permittee's approval to operate under this permit.
11. The activities authorized by this general permit shall not harm or present a threat of harm to the health, safety, or welfare of the people or environment of this Commonwealth. The Department may modify, suspend, revoke, and reissue the authorization granted in this general permit if it deems necessary to prevent harm or the threat of harm to the public health, and the environment or if they cannot be adequately regulated under the conditions of this general permit.
12. The permittee shall comply with the terms and conditions of this general permit and with the environmental protection acts to the same extent as if the activities were covered by an individual permit. The Department may require an individual permit be obtained if the permittee cannot comply with the conditions of this general permit or is conducting an activity that harms or presents a threat of harm to the health, safety, or welfare of the public or the environment of this Commonwealth.
13. This permit does not authorize and shall not be construed as an approval to discharge any waste, wastewater, or runoff from the site of processing to the land or waters of the Commonwealth.
14. Best Management Practices shall be implemented to divert storm water run-on from the storage area. Storm water runoff shall be managed in accordance with The Clean Streams Law and regulations promulgated thereunder. Prior to beginning operations at the facility, the operator must obtain all necessary storm water management permits.
15. The permittee shall maintain in force and affect a general liability insurance policy in accordance with 25 Pa. Code, Chapter 287, Subchapter E (relating to bonding and insurance requirements) to provide continuous coverage during operation of the facility and until the Department issues a final closure certification.
16. Equipment used for the processing and storage of screenings shall be maintained in good operating condition. Daily inspections of each storage area and surrounding environs shall be conducted to determine compliance of the terms and conditions of this general permit and for evidence of failure.
17. Storage and transportation of screenings by the permittee shall be in a manner that complies with the requirements set forth in 25 Pa. Code, Chapter 299 (relating to storage and transportation of residual waste).

BENEFICIAL USE OF SCREENINGS FROM THE PROCESSING OF
CONSTRUCTION AND DEMOLITION WASTE FOR BENEFICIAL USE AND
INDUSTRIAL WOOD BASE WASTE AS A BULKING AGENT

18. Prior to being used as a bulking agent, the screenings shall not be mixed with other types of solid wastes, including hazardous waste, municipal waste, special handling waste, or other residual waste, as the terms are defined in 25 Pa. Code § 287.1.
19. Analytical testing required by this general permit shall be performed by a laboratory accredited under the Pennsylvania Environmental Laboratory Accreditation Act, Act of 2002, 27 Pa. C.S.A. §§ 4101-4113.

D. Recordkeeping:

1. The permittee shall maintain records of all analytical evaluations conducted in accordance with this permit, and records shall be made available to the Department upon request. Required records shall be retained for a minimum of 5 years. Records of analytical evaluations must include, at a minimum, the following for each sample: the dates of sampling and testing, sampling procedures utilized, name of the individual who collected the sample, the volume or weight of the sample, each parameter tested, the analytical results, the name of the analytical laboratory used, and the analytical methodologies employed.
2. The permittee shall maintain records of all waste accepted and processed by the facility to produce the screenings, and records shall be made available to the Department upon request. Required records shall be retained for a minimum of 5 years. Records of each source of incoming waste must include, at a minimum, the following: the name, address, and phone number of each source of incoming waste; the date of receipt; the quantity of waste received; the results of visual observations; and the name, address, and phone number of the destination of each outgoing shipment of waste where the screenings will be beneficially used. The permittee shall also maintain records of spills or releases that include, at a minimum, the following: the location, date, time, identification, and quantity of spilled or released material, and a description of how the material was cleaned up. The permittee shall also maintain records of all reports submitted to the Department or to the U.S. Environmental Protection Agency.

E. Reporting Requirements:

1. Any person that operates under the provisions of this permit shall immediately notify the Department via certified mail of any changes in: the company name, address, owners, operators, and/or responsible officials of the company, compliance status, and the status of any permit issued by the Department or federal government under the environmental protection acts.
2. At least sixty (60) days prior to a permittee providing screenings for beneficial use from a facility operating at a new location, two (2) copies of the following must be supplied to the appropriate Department Regional Office, in writing:
 - a. Name, address, phone number, and contact person for the new facility;

GENERAL PERMIT NO. WMGR151

BENEFICIAL USE OF SCREENINGS FROM THE PROCESSING OF
CONSTRUCTION AND DEMOLITION WASTE FOR BENEFICIAL USE AND
INDUSTRIAL WOOD BASE WASTE AS A BULKING AGENT

- b. A copy of the permit authorizing processing construction and demolition waste and industrial wood base waste.
3. Persons operating under the provision of this general permit shall submit to the appropriate Department Regional Office (see attached list), an annual report on the beneficial use activities conducted under this permit by March 1 for the preceding calendar year. This report shall include the information required by Conditions D.1. and D.2.
4. The permittee shall immediately notify the Department's Emergency Hotline by telephone at 800-541-2050 and the waste management program in the appropriate DEP regional office (see attached list) of any accidental spills and shall take appropriate immediate action to protect the health and safety of the public and the environment in accordance with the approved PPC plan..

F. Renewal:

A permittee that plans to continue the operations authorized under this general permit, after the expiration date indicated on the approval for coverage page, shall file a complete application for permit renewal at least 180 days before the expiration date of this general permit unless permission has been granted by the Department for submission at a later date. The renewal application and the renewal application fee in the amount identified in Section A (General Information) of the Form 20 may be submitted electronically through the Department's Public Upload with Electronic Payment website at:

<https://www.dep.pa.gov/DataandTools/ElectronicSubmissions/Pages/default.aspx>

and shall include, at a minimum, the following:

1. General Information Form (Authorization Application for a Residual or Municipal Waste General Permit Application),
2. Form B (Professional Certification),
3. Form 20 (Application for a Municipal or Residual Waste General Permit),
4. Form 27R (Acceptance of General Permit Conditions), and
5. Updated bonding worksheets, if applicable.

If an alternative method of submittal of the renewal application and renewal application fee is necessary, the appropriate Department Regional Office should be contacted for further instructions.

GENERAL PERMIT NO. WMGR151

BENEFICIAL USE OF SCREENINGS FROM THE PROCESSING OF
CONSTRUCTION AND DEMOLITION WASTE FOR BENEFICIAL USE AND
INDUSTRIAL WOOD BASE WASTE AS A BULKING AGENT

In the event that a timely and complete application for renewal has been submitted and the Department is unable, through no fault of the permittee, to reissue the general permit or approval for coverage before its current coverage expiration date, the terms and conditions of the approved coverage will automatically continue and will remain fully effective and enforceable pending the issuance or denial of the renewal for permit coverage, provided the permittee is, and has been, operating in compliance with the terms and conditions of the general permit.
