Dear Permittee:

In accordance with your request received on October 21, 2024, the Department of Environmental Protection (DEP) has transferred a total of fifty-three (53) Water Quality Management (WQM) permits to the Pennsylvania American Water Company. A list of the WQM permits being transferred and their original issuance date is attached. This list will serve as documentation of transfer rather than creating an individual permit-document for each project. All conditions, supporting documentation and addendums of those permits are also made part of these transfers.
