3850-PM-BCW0015d 3/2016 Permit

COMMONWEALTH OF PENNSYLVANIA DEPARTMENT OF ENVIRONMENTAL PROTECTION BUREAU OF CLEAN WATER

PERMIT NO. <u>2096407</u>

AMENDMENT NO. A-1

APS ID. <u>1045831</u>

AUTH. ID. 1365853

WATER QUALITY MANAGEMENT PERMIT

A.	PERMITTEE (Name and Address):	CLIENT ID#: 113964	B.	PROJECT/FACILITY (Name):
	Meadville Area Sewer Authority			Meadville Area STP
	1320 Park Avenue			
	Meadville, PA 16335-3114			
C.	LOCATION (Municipality, County):		SIT	E ID#: 486852
	Meadville City, Crawford County			
	Meadville City, Crawford County			

D. This permit approves the modification, construction, and operation of sewage facilities consisting of:

Two new bar screens (existing bar screen to be abandoned); eight new raw wastewater pumps (eight existing pumps to be abandoned); one new grit/grease chamber (one existing to be abandoned); one new grit washer (one existing to be abandoned); ten new blowers (two existing to be abandoned); one new UV system (one existing to be abandoned).

Mechanical Bar Screen

Two new mechanical bar screen each rated for 17.5 MGD peak flow with 0.25-inch openings.

North Blower Building

Three blowers for SBR #3 & #4 (high efficiency turbo)

Each blower 3,321 SCFM; 9.72 PSIG; 150 HP motor (2 running simultaneously; 1 standby)

Two blowers for digester #2 (high efficiency turbo)

Each blower 1,263 SCFM; 9.72 PSIG; 50 HP motor (1 running; 1 standby)

South Blower Building

Three blowers for SBR #1 & #2 (high efficiency turbo)

Each blower 3,321 SCFM; 9.72 PSIG; 150 HP motor (2 running simultaneously; 1 standby)

Two blowers for digester #1 (high efficiency turbo)

Each blower 1,263 SCFM; 9.72 PSIG; 50 HP motor (1 running; 1 standby)

UV Disinfection

In channel, low pressure, high intensity, noncontact

Grit/Grease Equipment

Grit pump 3 HP submersible pump 1,750 rpm

Belt Filter Press

3.0 meter belt filter press

Pump flowed 75 - 300 GPM

Polymer feed via a hydro-dynamic blending device with staged mixing energy

Grit Washer & Cyclone

Grit washer will have the minimum capacity of 39 CFH of mesh grit and handle 165 GPM of water.

Cyclones will be 10-inch diameter to handle 175 GPM.

Wet Well Pumps & Bar Screen

Existing eight horizontal, self-priming, centrifugal type pumps in the Clarks Road Screen/Pump Station will be replaced in kind 60 HP; 3,000 GPM @ 52' TDH (6 pumps running in parallel; 2 standby)

Two band screens each rated for 17.5 MGD

Pump Stations: Clark Street Pump Station	Sewage Treatment Facility:		
Design Capacity: 3.000 GPM	Annual Average Flow:	<u>7.5</u>	MGD
	Design Hydraulic Capacity:	<u>7.5</u>	MGD
	Design Organic Capacity:		lb/day

E. APPROVAL GRANTED BY THIS PERMIT IS SUBJECT TO THE FOLLOWING:

1. **Amendments:** All construction, operations and procedures shall be in accordance with the Water Quality Management Permit Amendment application dated <u>8/2/2021</u> and its supporting documentation and addendums dated <u>11/29/2021</u>, which are hereby made a part of this amendment.

Except for any herein approved modifications, all terms, conditions, supporting documentation and addendums approved under Water Quality Management Permit No. 2096407 dated 1/22/1997 shall remain in effect.

- 2. Permit Conditions Relating to Sewerage are attached and made part of this permit.
- 3. Special Conditions **N/A** are attached and made part of this permit.
- F. THE AUTHORITY GRANTED BY THIS PERMIT IS SUBJECT TO THE FOLLOWING FURTHER QUALIFICATIONS:
- 1. If there is a conflict between the application or its supporting documents and amendments and the attached conditions, the attached conditions shall apply.
- 2. Failure to comply with the rules and regulations of DEP or with the terms or conditions of this permit shall void the authority given to the permittee by the issuance of this permit.
- 3. This permit is issued pursuant to the Clean Streams Law Act of June 22, 1937, P.L. 1987, as amended 35 P.S. §691.1 et seq. Issuance of this permit shall not relieve the permittee of any responsibility under any other law.

PERMIT ISSUED:	BY: <u>Jo</u>	ohn A. Holden
	Jo	ohn A. Holden, P.E.
December 22, 2021	TITLE: C	lean Water Program Manager

COMMONWEALTH OF PENNSYLVANIA DEPARTMENT OF ENVIRONMENTAL PROTECTION BUREAU OF POINT AND NON-POINT SOURCE MANAGEMENT

PERMIT CONDITIONS RELATING TO SEWERAGE

For use in Water Quality Management Permits

(Check boxes that apply)

Ger	neral	
\boxtimes	1.	The Department of Environmental Protection (DEP) considers the licensed Professional Engineer whose seal is affixed to the design documents to be fully responsible for the adequacy of all aspects of the facility design.
	2.	The permittee shall adopt and enforce an ordinance requiring the abandonment of privies, cesspools or similar receptacles for human waste and onlot sewage disposal systems on the premises of occupied structures accessible to public sewers. All such structures must be connected to the public sewers.
	3.	The outfall sewer or drain shall be extended to the low water mark of the receiving body of water. Where necessary to ensure proper mixing and waste assimilation, an outfall sewer or drain may be extended with appurtenances below the low water mark and into the bed of a navigable stream provided that the permittee has secured an easement, right-of-way, license or lease from DEP in accordance with Section 15 of the Dam Safety and Encroachments Act, the Act of November 26, 1978, P.L. 1375, as amended.
	4.	The approval is specifically made contingent on the permittee acquiring all necessary property rights, by easement or otherwise, providing for the satisfactory construction, operation, maintenance and replacement of all sewers or sewerage structures in, along or across private property with full rights of ingress, egress and regress.
\boxtimes	5.	When construction of the approved sewerage facilities is completed and before they are placed in operation, the permittee shall notify DEP in writing so that a DEP representative may inspect the facilities.
	6.	The approval of the plans, and the authority granted in this permit, if not specifically extended, shall cease and be null and void 5 years from the issuance date of this permit unless construction or modification of the facilities covered by this permit has begun on or before the fifth anniversary of the permit date.
	7.	If, at any time, the sewerage facilities covered by this permit create a public nuisance, including but not limited to, causing malodors or causing environmental harm to waters of the Commonwealth, DEP may require the permittee to adopt appropriate remedial measures to abate the nuisance or harm.
	8.	If, after the issuance of this permit, DEP approves a municipal sewage facilities official plan or an amendment to an official plan under Act 537 (Pennsylvania Sewage Facilities Act, the Act of January 24, 1966, P.L. 1535 as amended) in which sewage from the herein approved facilities will be treated and disposed of at other planned facilities, the permittee shall, upon notification from the municipality or DEP, provide for the conveyance of its sewage to the planned facilities, abandon use and decommission the herein approved facilities including the proper disposal of solids, and notify DEP accordingly. The permittee shall adhere to schedules in the approved official plan, amendments to the plan, or other agreements between the permittee and municipality. This permit shall then, upon notice from DEP, terminate and become null and void and shall be relinquished to DEP.
\boxtimes	9.	This permit does not relieve the permittee of its obligations to comply with all federal, interstate, state or local laws, ordinances and regulations applicable to the sewerage facilities.
	10.	This permit does not give any real or personal property rights or grant any exclusive privileges, nor shall it be construed to grant or confirm any right, easement or interest in, on, to or over any lands which belong to the Commonwealth.
	11.	The authority granted by this permit is subject to all effluent requirements, monitoring requirements and other conditions as set forth in the NPDES Permit and all subsequent amendments and renewals. No discharge is

Construction

12. This permit is issued under the authorization of The Clean Streams Law and 25 Pa. Code Chapter 91. The permittee shall obtain all necessary permits, approvals and/or registrations under 25 Pa. Code Chapters 102, 105 and 106 prior to commencing construction of the facilities authorized by this permit, as applicable. The permittee should contact the DEP office that issued this permit if there are any questions concerning the applicability of additional permits.

authorized from these facilities unless approved by an NPDES Permit.

		ewerage	Permit No. <u>2096407 A-1</u>

WATER QUALITY MANAGEMENT POST CONSTRUCTION CERTIFICATION

POST CONSTRUCTION CERTIFICATION			
PERMITTEE IDENTIFIER			
Permittee	Meadville Area Sewer Authority		
Municipality	Meadville City		
County	Crawford		
WQM Permit No.	2096407 A-1		
Facility Type	Sewage		
All of the above information should be taken directly from the Water Quality Management Permit.			
CERTIFICATION			
This certification must be completed and returned to the permits section of the DEP's regional office issuing the WQM permit within 30 days of completion of the project and received by DEP prior to operation, and if requested, as-built drawings, photographs (if available) and a discussion of any DEP-approved deviations from the design plans during construction.			

I, being a Registered Professional Engineer in Pennsylvania, do hereby certify to the best of my knowledge and belief, based upon personal observation and interviews, that the above facility approved under the Water Quality Management Permit has been constructed in accordance with the plans, specifications and modifications approved by DEP.
