Applicant Phone	<u>(412) 831-1049</u>	Facility Phone	<u></u>
Client ID	<u>93757</u>	Site ID	<u>247673</u>
SIC Code	<u>4952</u>	Municipality	<u>Bethel Park Borough</u>
SIC Description	<u>Trans. & Utilities - Sewerage Systems</u>	County	<u>Allegheny</u>
Date Published in PA Bulletin	<u></u>	EPA Waived?	<u>No</u>
Comment Period End Date	<u></u>	If No, Reason	<u></u>
Purpose of Application	<u>Application for NPDES permit for discharge of treated</u>		

Internal Review and Recommendations

This is in response to a DEP initiated amendment to the Bethel Park Municipal Authority's Piney Fork STP NPDES Permit No. PA0027168. The purpose of this amendment is to settle the permittee's appeal of the permit. After negotiations between the permittee and the DEP, the following changes to the permit are recommended to settle BPMA's appeal:

- The monitoring frequency for Arsenic, Boron, Dissolved and Total Iron, Zinc, and Benzene from weekly to monthly.
- For the interim period (permit effective date to July 31, 2026) only, the Parties agree to reducing the monitoring frequency for Copper, Cyanide, and Bis(2-Ethylhexyl)Phthalate from weekly to quarterly.
- After August 1, 2026 through the end of the permit, the Parties agree to reduce the monitoring frequency for Copper, Cyanide, and Bis(2-Ethylhexyl)Phthalate from weekly to twice per month.

No other changes to the permit are recommended. Draft amendment issuance is recommended.
