Internal Review and Recommendations

The U.S. Environmental Protection Agency (EPA) published the NPDES Electronic Reporting Rule ("eReporting Rule") on October 22, 2015. As a result the Draft Permit Template (Rev. 10/2014) was updated to the Final Permit (Rev. 9/2016) revision which explains the new eDMR reporting requirements.

No other changes were made to the draft permit

The WMS Report query "Water Management System Inspections" was run. On 01/15/2013 a Routine/Complete Inspection was done with No Violations noted.

The WMS "Open Violations by Client Report" was run and there are No Open Violations.

The Existing Permit expires on December 31, 2016 and the renewal was submitted in a timely fashion.
