Internal Review and Recommendations

The first draft of this application appeared in the PA Bulletin on Saturday, October 8, 2022. The final NPDES permit could not be issued due to open violations.

There are still two open violations for the client/facility:

1. 06/09/2021 - Violation ID 920354 – Violation Code 92A.75(A) – NPDES- Failure to submit NPDES renewal application at least 180 days prior to expiration or later approved date. (WPC NPDES - Program Specific ID: PA0061581).
2. 06/09/2021 - Violation ID 920355 – Violation Code 92A.41(A)12B – NPDES- Failure to submit monitoring report(s) or properly complete monitoring reports. (WPC NPDES - Program Specific ID: PA0061581).

A second draft of the NPDES permit is being issued because 6 months (or 180 days) have elapsed since the first draft has been issued.

Re-modeling was not performed. Limitations and monitoring frequencies have been carried over from the first draft.

All the permit documents have been updated to the newest format.
