Internal Review and Recommendations

A first draft of this application appeared in the PA Bulletin on Saturday, January 19, 2019. The final NPDES permit could not be issued due to open violations. A second draft of the NPDES permit is being issued because 6 months (or 180 days) have elapsed since the first draft has been issued.

Please note the standard wording of the NPDES Permit for Publicly Owned Treatment works was revised in August 2019. The second draft permit includes these revisions.

No limitations or sampling frequencies were changed.
