**Internal Review and Recommendations**

**Redraft NPDES Permit:** The Draft NPDES Permit was issued on February 21, 2020. The NPDES Permit Template used was subsequently updated 10/2020. SOP No. BCW-PMT-002 (New and Reissuance Sewage Individual NPDES Permit Applications) Part IV.O.2 required a redraft NPDES Permit due to age and template change. Final permit action was previously prevented due to compliance issues (now resolved).

**Public Comment:** No public comments received on the Draft NPDES Permit. Several internal comments led to changes:

- TKN reporting adjusted to mg/l and lbs/day for consistency with rest of reporting requirements.
- Part C.I.J (Groundwater Monitoring): Typo corrected (nitrate as nitrogen monitoring requirement clarified).

**Compliance History:** CO&A entered in eFACTS. Enforcement# 390528. No open violations per 12/10/2020 WMS Query (Open Violations by Client Number):
