Comment Period End Date	<u>June 30, 2025</u>	If No, Reason	<u></u>
Purpose of Application	<u>NPDES Permit Renewal.</u>		

Internal Review and Recommendations

A draft permit was prepared for Edge Rubber Recycling LLC on May 16, 2025 and published in the *Pennsylvania Bulletin* on May 31, 2025 for public comments. No draft permit comments were received from the permittee or public. During the public commenting period, a permit transfer application was submitted by Ecore Tire Collection LLC, requesting the permit be amended to reflect a change in ownership from Edge Rubber Recycling LLC to Ecore Tire Collection LLC. DEP has therefore determined to revise the draft permit to include a new permittee name. The permit transfer application indicates that there is no change in quantity/quality of wastewater as a result of this ownership change. A phone conversation with the current company representative also indicates that all industrial activities previously performed will also remain unchanged. As a result, all permit requirements will be the same as those specified in the May 16, 2025 draft permit.

It is recommended that the permit be drafted and published once again for 30 days for public comments.
