Applicant and Facility Information

Applicant Name	<u>Pratt Industries, Inc.</u>	Facility Name	<u>Pratt (Allentown Corrugating) LLC</u>
Applicant Address	<u>1800-C Sarasota Business Parkway</u> <u>Conyers, GA 30013</u>	Facility Address	<u>7533 Industrial Parkway Suite 100</u> <u>Lower Macungie, PA 18062</u>
Applicant Contact	<u>Michael Holmes</u>	Facility Contact	<u>Patrick Ranson</u>
Applicant Phone	<u>(678) 607-1409</u>	Facility Phone	<u>(484) 232-7012</u>
Client ID	<u>290576</u>	Site ID	<u>753552</u>
SIC Code	<u>2653</u>	Municipality	<u>Lower Macungie Township</u>
SIC Description	<u>Manufacturing - Corrugated And Solid Fiber Boxes</u>	County	<u>Lehigh</u>
Date Application Received	<u>February 28, 2019</u>	EPA Waived?	<u>Yes</u>
Date Application Accepted	<u>March 13, 2019</u>	If No, Reason	
Purpose of Application	<u>New NPDES permit to discharge industrial stormwater.</u>		

Summary of Review

The applicant is requesting renewal of an NPDES permit to discharge stormwater associated with an industrial activity to Swabia Creek, a high quality, cold water fishery, migratory fishery-designated receiving stream (HQ-CWF, MF) in State Water Plan Basin 02-C. Per the Department's current existing use list, the receiving stream does not have an existing use classification that is more protective than the designated use. The discharge is not expected to affect public water supplies.

The facility is classified under SIC Code 2653 – Manufacturing – Paper and Allied Products. The PAG-03 General Permit Appendix E contains the site-specific best management practices (BMPs) and monitoring requirements for this industrial stormwater classification. The monitoring requirements are for pH, Chemical Oxygen Demand (COD), and Total Suspended Solids (TSS). All applicable parameters are to be sampled once every six (6) months. The limitation for COD is 120 mg/L, and the limitation for TSS is 100 mg/L, as set forth as benchmark values in the General Stormwater Permit. The General Stormwater Permit is the minimum standard for all Individual Stormwater permits based on SIC Code.

The requirements also include prohibition of non-stormwater discharges; Hazardous Substances Release; a PPC Plan; Comprehensive Site Compliance Inspection.

The WMS Report Query "Open Violations by Client" was performed; it did not return any violations.

The EPA Waiver is in effect.

Summary of Review

Public Participation

DEP will publish notice of the receipt of the NPDES permit application and a tentative decision to issue the individual NPDES permit in the *Pennsylvania Bulletin* in accordance with 25 Pa. Code § 92a.82. Upon publication in the *Pennsylvania Bulletin*, DEP will accept written comments from interested persons for a 30-day period (which may be extended for one additional 15-day period at DEP's discretion), which will be considered in making a final decision on the application. Any person may request or petition for a public hearing with respect to the application. A public hearing may be held if DEP determines that there is significant public interest in holding a hearing. If a hearing is held, notice of the hearing will be published in the *Pennsylvania Bulletin* at least 30 days prior to the hearing and in at least one newspaper of general circulation within the geographical area of the discharge.
