Warrington Township has submitted NPDES application for renewal of permit to discharge stormwater from small municipal separate storm sewer system (MS4). Township shall meet PRP requirements under Appendix E and TMDL requirements under Appendix F of the permit.

Technical review of the NPDES application was completed and letter with comments/recommendations for improvements was sent out to applicant on April 15, 2018. We received revisions to in response to these comments from Township's consultant on June 5, 2019.
