### Internal Review and Recommendations

This submittal is an application for the renewal of an existing MS4 NPDES Permit. The submittal includes a Memorandum of Understanding between the Township and Northampton County Conservation District as well as a copy of Bethlehem Township's updated stormwater ordinance.

A Pollutant Reduction Plan Amendment request was submitted via OnBase (ID# 108259) on 5/16/23. The plan was revised in September of 2023 and submitted to DEP via on base on 9/25/23, with an OnBase ID# 122290. There had been a number of correspondences regarding the proposed plan with the final letter from DEP being sent on 12/6/23. That letter expressed concerns which DEP has requested that the Permitted be mindful of. An attachment of the letter is included below. The September 2023 version of the PRP will supersede all previously approved versions. Note that the original deadline for PRP implementation remains regardless of the authorized changes. The approval of PRP amendments does not extend the deadline.
