Summary of Review

The applicant is requesting renewal of their NPDES permit to discharge stormwater associated with industrial activity to an unnamed tributary to Equinunk Creek, a HQ-CWF/MF designated receiving stream in state water plan basin 01-A (Shehawken – Rattlesnake Creeks). As per the Department's current existing use list, the receiving stream does not have an existing use classification that is more protective than its designated use.

The facility is categorized by SIC code 3281 (Manufacturing – Cut Stone and Stone Products) and falls under **Appendix N** monitoring requirements of the PAG-03 general permit. Semiannual sampling/reporting are for Total Suspended Solids (TSS), Total Iron, Total Aluminum, Total Phosphorus, Total Nitrogen and pH. Benchmarks exist for pH and TSS.

Benchmark values are not effluent limitations, and exceedances do not constitute permit violations. However, if the permittee's sampling demonstrates exceedances of benchmark values for two or more consecutive monitoring periods, the permittee shall take action in accordance with Part C. III. G. of the permit. A corrective action plan must be submitted to DEP if the discharge concentration for the parameters exceeds the benchmark values for two or more consecutive monitoring periods.

The water quality sampling results on Page7 of this application was not completed. Consultant provided the results for sampling from November 1, 2022. On August 8, 2024, an inspection was performed at the facility and no violation were found.

WMS Query by client report was performed on September 25,2024 no violations exist.

Summary of Review

Public Participation

DEP will publish notice of the receipt of the NPDES permit application and a tentative decision to issue the individual NPDES permit in the *Pennsylvania Bulletin* in accordance with 25 Pa. Code § 92a.82. Upon publication in the *Pennsylvania Bulletin*, DEP will accept written comments from interested persons for a 30-day period (which may be extended for one additional 15-day period at DEP's discretion), which will be considered in making a final decision on the application. Any person may request or petition for a public hearing with respect to the application. A public hearing may be held if DEP determines that there is significant public interest in holding a hearing. If a hearing is held, notice of the hearing will be published in the *Pennsylvania Bulletin* at least 30 days prior to the hearing and in at least one newspaper of general circulation within the geographical area of the discharge.
