Date Application Received	<u>January 29, 2018</u>	EPA Waived?	<u>Yes</u>
Date Application Accepted	<u>June 1, 2018</u>	If No, Reason	<u></u>
Purpose of Application	<u>Renewal of an existing NPDES permit for discharge of stormwater.</u>		

**Summary of Review**

The applicant is requesting renewal of an NPDES permit to discharge stormwater associated with an industrial activity to an unnamed tributary to Shehawken Creek, a high quality, cold water fishery-designated receiving stream (HQ-CWF, MF) in State Water Plan Basin 01-A. Per the Department's current existing use list, the receiving stream does not have an existing use classification that is more protective than the designated use. The discharge is not expected to affect public water supplies.

The facility is classified under SIC Code 3273 – Manufacturing – Ready-Mixed Concrete. The PAG-03 General Permit Appendix N contains the site-specific best management practices (BMPs) and monitoring requirements for this industrial stormwater classification. The monitoring requirements are for pH (S.U.), Total Suspended Solids, Total Aluminum, and Total Iron. Monitoring and reporting requirements for Total Kjeldahl Nitrogen (TKN) are removed from the permit as per updated requirements under Appendix N. The General Stormwater Permit is the minimum standard for all Individual Stormwater permits based on SIC code.

The requirements will also include prohibition of non-stormwater discharges; Hazardous Substances Release; a PPC Plan; Comprehensive Site Compliance Inspection; record keeping and limit values for Total Suspended Solids (TSS).

The existing monitoring requirements will be updated according to Appendix N for parameters and frequency accordingly.

The WMS Report Query "Inspections Report" was performed. A Compliance Evaluation was done on June 13, 2018, and no violations were noted.

The WMS Report Query "Open Violations by Client" was performed. There were no open violations reported.

The Existing Permit expired on July 31, 2018, and the renewal was submitted on January 29, 2018.

**Summary of Review**

Public Participation

DEP will publish notice of the receipt of the NPDES permit application and a tentative decision to issue the individual NPDES permit in the *Pennsylvania Bulletin* in accordance with 25 Pa. Code § 92a.82. Upon publication in the *Pennsylvania Bulletin*, DEP will accept written comments from interested persons for a 30-day period (which may be extended for one additional 15-day period at DEP's discretion), which will be considered in making a final decision on the application. Any person may request or petition for a public hearing with respect to the application. A public hearing may be held if DEP determines that there is significant public interest in holding a hearing. If a hearing is held, notice of the hearing will be published in the *Pennsylvania Bulletin* at least 30 days prior to the hearing and in at least one newspaper of general circulation within the geographical area of the discharge.
