Dear Sir or Madam:

Section 303(d) of the federal Clean Water Act requires Pennsylvania to identify all its water quality limited water bodies. As part of this ongoing effort, the Department of Environmental Protection (DEP) would like to utilize outside sources of data and information.

If you believe that your organization/agency has data or information that could be utilized by DEP in the 303(d) listing process, we encourage you to submit it. Please visit our website [www.dep.state.pa.us](http://www.dep.state.pa.us) - keyword "data solicitation" - and carefully read all of the information posted there. In order for any data or information to be considered, a completed copy of the Data Submission Form must be submitted.

The deadline for submission of data and information to be included in the 2008 Integrated Report is **September 30, 2007**. We appreciate your careful consideration of this request. If you have any questions or comments, please call. Please feel free to distribute this letter to all interested groups, agencies, and partners.

Sincerely,  
*Rodney Kime*, Water Pollution Biologist, Division of Water Quality Standards, (717) 787-9637  
*Cheryl Snyder*, Citizens' Volunteer Monitoring Coordinator, Division of Watershed Protection, (717) 772-5807
